### Ceylon Premier Seriously Hurt

Would-Be Assassin Wears Robes of Monk

COLOMBO, Ceylon (AP) — Prime Minister Solomon W.R.D. Bandaranaike was shot and critically wounded today by a gunman attired in the yellow robes of a Buddhist monk.

Three bullets were removed. A medical source said the shots penetrated his liver and spleen. Four pints of blood were given him. Ceylon radio broadcast appeals for additional donors.

The assassin, shot in the knee by a sentry as he sought to escape, also was hospitalized. There was no hint as to his motive. Bandaranaike appealed "to all to show compassion for this foolish man."

Gov. Gen. Sir Oliver Goonetilleke declared a state of emergency in this Indian Ocean island.

In a broadcast to the nation, he announced mobilization of the regular reserves and the volunteer forces of the army, navy and air force. He said he did so for the protection of the people.

He reported that the Prime Minister's condition was termed by surgeons "satisfactory" but he could not be considered out of danger.

Police said that between 9:30 a.m. and 9:45 a.m. two men in the robes of Buddhist monks called at the Prime Minister's house and asked to see him.

Bandaranaike greeted them. After they had talked, the Prime Minister took leave of one by bowing. As he was about to bid farewell to the other, the first whipped a .45-caliber revolver from under his robes and fired six shots.

Bandaranaike came to power in April 1956, the year this island got its independence as a member of the British Commonwealth.

He had been ruling with only a shaky one-vote majority in Parliament since May, when his leftist coalition broke up.

### Debate Ends Senate Probe Of Juveniles

NEW YORK (AP)—A Senate subcommittee investigating juvenile delinquency has ended its two day hearing here on a note of controversy as to whether potential slum dwellers should be discouraged from coming to New York City.

Kings County Judge Samuel Leibowitz, appearing before the subcommittee Thursday, urged city officials to discourage migrants "from all parts of the country and the Caribbean" until the city has swept away its crime breeding slums.

Leibowitz presented figures indicating that Puerto Ricans, with only 7 per cent of the city's population were involved in 22.3 per cent of the city's juvenile delinquency cases in the first eight months of this year.

The figures also indicated that Negroes, estimated to comprise 11 per cent of the city's population, were reported to comprise 46.3 per cent of the citywide cases awaiting trial in the Brooklyn House of Detention.

Sen. Jacob K. Javits (R-NY) and Rep. Emanuel Celler (D-NY) argued against Leibowitz. Javits said: "I believe that ultimately we will integrate the most recent migrants. Certainly nothing should be done about the lawful movements of U. S. citizens."

"We need them for the hard chores and rough work," said Celler. "If they do not come, most of our hotels, restaurants and laundries would close."

The subcommittee, headed by Sen. Thomas D. Hennings Jr. (D-Mo), plans to conduct hearings in other cities. The cities have not been named yet.

### Pass Levy, or Close School; Choice of November Voters

City voters must put up, or city schools will close up. It's as simple as that.

Unless the school operating levy on the November ballot passes, schools here will close possibly by March 1, 1960.

Circleville School superintendent, George A. Hartman, today explained in detail why city school district voters must approve the 9.5-mill current operating levy in November.

On the ballot will be a new levy of 3.5 mills and a renewal of a 6-mill levy which expires in December. The two issues are combined on the ballot with only one "X" needed to approve both.

Hartman said, "The city school system has faced a series of staggering problems since 1950. Enrollment in 1950 was 1,413 pupils. Today the city has 2,827 pupils. This means we have to provide classrooms, teachers and learn-

### Leipsc Laborer Killed in Fuss

2nd Migrant Worker Hurt by Supervisor

OTTAWA, Ohio (AP)—Sheriff Arnold Potts said a supervisor shot and killed one laborer and wounded another Thursday night at a migrant workers camp near Leipsic. The supervisor said he shot in self defense.

Killed by a shot in the back from a .38 caliber revolver was Juan Macias, 19, of Eliza, Texas. A fellow worker, Rafael Hinojosa, 21, also of Eliza, was in critical condition in Lima St. Rita's Hospital with bullet wounds in the chest and an arm.

Held in jail here was Francisco Cortinas, 63, of Donna, Texas, assistant supervisor of the Libbey, McNeil & Libbey Co. labor camp.

Potts said Cortinas gave this version of the shootings:

Cortinas went to the cabin of Macias, Hinojosa and Hinojosa's brother, Alvaro, 19, to get two men for a job today. An argument began because Cortinas didn't knock and Macias pulled a knife.

All four men went outside where Macias lunged at Cortinas with the knife. He missed and whirled around just as Cortinas fired, the shot hitting him in the back.

At that, Rafael Hinojosa rushed toward Cortinas who fired two shots at him.

No charges were filed immediately. Alvaro Hinojosa was held as a material witness.

### Pair Rescued After Ordeal In Ocean

MOREHEAD CITY, N. C. (AP)—A prominent Asheville couple, their life jackets lashed together to live or die together, were rescued at dawn today from the treacherous waters off Cape Lookout. They had been in the sea 20 hours.

"They are in good condition except for overexposure to the water," said a spokesman at Morehead City Hospital where Mr. and Mrs. Belman McKenzie were taken.

A fishing vessel found them about 6 a.m.

The McKenzies were fishing with her brothers, Julian, 41, and George Murphy, 43, of Greensboro when their 19-foot outboard motorboat struck an object about 10 a.m. Thursday. The Murphys, too, were saved.

The boat, about a mile or two from shore, had filled with water, but did not sink.

The Murphys tied themselves to the boat, but the McKenzies tried to swim to shore.

The charter fishing vessel Carolina Queen found the Murphys about 6 p.m. Thursday, after eight hours in the water.

McKenzie, about 50 years old, is president of a food store. His wife is about 45.

### Taxis Install Razors

NEW YORK (AP)—Two taxicabs containing electric razors were put in display Thursday by a company which hopes to install them in all its 25 hacks.

ing materials for 1,435 more students than in 1950.

"The amazing thing is that all that growth plus consistent improvement in instruction has been accomplished so economically."

"We have been operating an expanding school system on 12.4 mills when the average millage for all public schools of Ohio is 15.85 mills."

"We are 4 mills below the average for city schools, which is 16.4 mills. These facts are important because they point out why we can't continue to handle the large increase in enrollment and maintain the present efficiency on a low tax rate."

"Another figure points conclusively to the fact that Circleville must keep up with its needs in education."

"The city school system spends only \$260 on the education of each pupil. The average for Ohio is \$320 per pupil. The city is \$60 per pupil below the average city expenditure in Ohio."

"One question remains to be answered: How much will 3.5 mills cost the individual taxpayer?"

"A 3.5-mill increase will cost 35 cents for each \$100 of tax valuation. The increase asked this November is 3.5 mills since taxpayers are already paying 6 mills in current operating millage which expires."

"As an example: If a taxpayer is paying taxes on his house,

valued at \$12,000, it probably is on the tax duplicate for one half its entire valuation, or for \$6,000.

"An additional 3.5 mills levied on his tax duplicate would add \$10.50 to each tax bill, which is paid semiannually. This is approximately 38 cents per week to insure the adequate education of the taxpayer's child or children."

"The City Board of Education is counting on the Circleville School District voters to back this levy in neighborly discussions."

"The city has at present a 12.4 mill operating levy. If the 9.5-mill levy should fail, the city would have but 6.4 mills left."

"If the levy fails the school board has two alternatives. Either operate on deficit spending during 1960 or close the schools around March 1."

"Also, schools would fail to open on time in the fall or if they did open, they wouldn't remain in session long."

"If the operating levy fails, the city stands to lose additional money. State aid, about \$272,000, would be withheld from the city. Unless the city levies at least 10 mills for operations, the state will not give its aid."

"School officials feel that city school district voters can readily see the necessity for passing the current operating levy and that passage of this levy will depend on efforts of the community to convince itself of the dire need."

### Chicago Woman, 30, Sought As Gunmoll in Robbery Try

CLEVELAND (AP)—A young Chicago woman was sought today as the companion of a man who committed suicide after his attempt to rob a bank here failed.

Police broadcast a pickup order for the woman on the basis of her

photograph. It was discovered in a rented automobile that officers said was to be used for a getaway in the bank robbery.

The woman was tentatively identified as Billy Jean Carroll, about 30.

### 2 Boys Find Bank Thefts Not Difficult

WASHINGTON COURT HOUSE, Ohio (AP)—Stealing from a bank is a pretty big project for the best of grown-up criminals. But two boys, one age 12 and the other 13, didn't find it so hard at the Washington Savings Bank here.

They stole from the bank not once, but five times, before police broke their "habit." They got about \$500 in all, according to Probation Officer Don Thompson of Juvenile Court, which has them in custody.

Thompson said the boys, committing the thefts over a two or three-week period while on errands for their parents, did it simply by sliding their hands under the cage of a teller's window and removing bills from \$5 stacks. There was no real cleverness on the part of the bank, authorities said, because only a child's hand could slip under the small opening.

The boys bought a motor scooter with part of the loot—each explaining to their parents that the other boy had bought it.

They also spent a lot of the money playing illegal pinball machines.

Now police are looking for the pinball machines.

### Washington C.H. Attorney Missing

WASHINGTON COURT HOUSE, Ohio (AP)—Edmund S. Woodmansee, 36-year-old attorney, has been missing since leaving his summer home near here Wednesday morning, police reported. He had planned to start on a business trip.

City and county police and highway patrolmen are searching for him. The only word from him, they said, was a letter to his wife received today, mailed from Washington Court House at the time he left. The contents of the letter were not disclosed, but officers said it indicated Woodmansee might be ill.

Police said the man's business is in good order and that there was no apparent reason for his disappearance.

Irish Foreign Minister Frank Aiken said a resolution was in the works, but that his delegation would not try to put it in until next week.

### Ireland Seeks U.N. Censure Of Red China

Violator of Human Rights in Tibet Charged in Assembly

UNITED NATIONS, N.Y. (AP) — Ireland sounded out U.N. members today seeking support for a demand that the General Assembly brand Red China a violator of human rights in Tibet.

Faced with opposition not only from the Soviet block but some neutralist and colonial nations, Ireland was reported anxious to make sure her proposed resolution would get the two-thirds vote needed for adoption by the 82-nation General Assembly.

Gyalo Thondup, 31-year-old elder brother of the exiled Dalai Lama, said in an interview in New Delhi Thursday that far more than 50,000 Tibetan irregulars still were waging rebellion against the Red Chinese using knives, old guns or any other weapons they could find.

Thondup said the Chinese killed 100,000 Tibetans in recent years, including 20,000 in the uprising in the capital, Lhasa, last March. Thondup is planning to come to New York to report to the U.N. what he called a "true picture" of the situation in Tibet.

The Dalai Lama who fled to India after the uprising, charged a month ago that the Communist rule had cost his country 80,000 lives.

A number of U.N. delegations were reported awaiting word from their governments whether to rally behind the Irish proposal which would put the Tibetan issue on the assembly agenda and propose a condemnation resolution.

### Cars Collide; Two Injured

Two passengers were injured in a two-car crash on Route 23 about three miles south of here at 4:20 a. m.

Richard Pierce, 31, Route 3, Chillicothe, suffered lacerations of the face and arms. Robert Ford, 21, Route 3, Chillicothe, received a deep laceration on the forehead. Both were treated at Berger Hospital.

The injured were passengers in a car driven by Donald Seymour, 25, Route 1, Frankfort. He was not injured.

The other auto was driven by Elmer Estep, 45, Route 4, Circleville, who was not injured.

ESTEP told Deputy Sheriff Robert Hoover that his northbound car was struck in the rear by Seymour's auto. Both vehicles were extensively damaged, the deputy said.

Hoover cited Seymour for driving under the influence of intoxicants and failure to have assured clear distance ahead.

## If Not Settled Soon, Steel Strike To Unbalance Budget, Ike Aides Say

WASHINGTON (AP)—The Eisenhower administration had a new and urgent reason today for possible intervention in the 10-week steel strike. If it is not settled soon, it will unbalance the federal budget.

Steel strike negotiations adjourned about noon today without any date being set for a resumption of talks.

Budget Director Maurice Stans Thursday unveiled a new and higher estimate of federal spending for this 1960 fiscal year. It carries a 95 million dollar surplus, a 25 million increase over previous estimates, built on the assumption of prosperity and rising tax collections.

Government revenues will suffer quickly, Stans told reporters, if the mighty steel industry fails to resume production in time to prevent a spreading industrial paralysis, dropping income, and declining profits.

"If the strike is not settled in two or three weeks—or if there is no Taft-Hartley injunctions or some other action to get the men back to work—the surplus would be rather quickly wiped out," he said.

Chances of a quick settlement of the strike remained uncertain, spasmodically in New York with no apparent progress.

There had been previous indications that early October would

### New Fair Trade Law Slated To Hike Ohio Prices, Claim

COLUMBUS, Ohio (AP)—"It will cost you more when the new fair trade law goes into effect," the salesman told an appliance customer.

That sales pitch can be heard in various retail stores to induce purchases before the Oct. 22 effective date of the law enacted by the last Legislature over Gov. Michael V. DiSalle's veto.

The act permits manufacturers to fix minimum prices on trademarked products sold in open competition with other items. Under that arrangement, retailers can not cut prices below the fair trade minimum without risking court action by manufacturers.

The new law says that if a retailer buys an item under notice that a fair trade price has been set, it constitutes an agreement not to sell below the fair trade price.

But some retailers claim that therein lies the sleeper in the law. They say that if a manufacturer does not recognize the need of the law, there will be no price fixing. They contend that few manufacturers will make any move to set up a minimum price. As a result, they say, the new law will prove to be a dud.

The statute was designed to replace fair trade laws knocked out by the Ohio Supreme Court. Numerous retailers said a new fair trade law was needed to protect them against underselling by larger stores and discount houses.

The new fair trade law already is under attack in Cuyahoga County Common Pleas Court and other suits may be in the offing.

Five discount houses owned by a Detroit, Mich., chain claimed in separate declaratory judgment actions that Ohio's new fair trade law is unconstitutional.

Howard M. Metzbaum, Cleveland attorney for several discount houses, said earlier he expected to challenge the new law. Metzbaum's court action knocked out earlier fair trade laws that sought to bind non-signers of fair trade contracts to observe minimum prices.

Several organizations joined hands in lobbying the new fair trade law through the Legislature. They included: Ohio State Pharmaceutical Assn., Ohio Assn. of Tobacco Distributors, Ohio Food Dealers Assn., Ohio Retail Gasoline Dealers, Ohio Hardware Assn.

Ohio Retail Jewelers Assn., and the Ohio Small Business Committee. That committee embraced camera shops, and dealers in appliances, sporting goods and stationery.

The Ohio House voted 112-6 to override DiSalle's veto of the fair trade law. The Senate voted 30-3 to override.

### Missile Fired From Bomber Proves Failure

WASHINGTON (AP)—The Air Force was reported today to have been blocked by technical troubles in an attempt to launch a ballistic missile from a bomber in flight and put it close to the orbit of the Paddle Wheel satellite Explorer VI.

A source close to the experiment said the missile was carried high over Florida during the early morning hours but the launching was called off after half an hour's flight. The only immediate explanation was "technical difficulties."

The source said the trial was put off indefinitely.

There was no suggestion that the experiment had been called off permanently.

An Air Force spokesman said the firing may prove the feasibility of using air-launched ballistic missiles to intercept any enemy satellite that might spy on this country.

The satellite would be traveling at its highest speed—26,000 miles an hour—and the likelihood of getting the much slower supersonic missile near it seemed small. The satellite slows down at the top of its orbit, and its average speed for the complete circuit is 18,000 m.p.h.

There reportedly will be no attempt to hit the Paddle Wheel satellite, but only to co-orbit the missile with it briefly.

The satellite is nicknamed for its radiating vanes that draw power from the sun for its radio instruments. Launched Aug. 7, it still is working fine, and scientists hope to get information from it for months to come.

### Big 2 Chiefs To Parley in Mountain Cabin

Cold War Differences To Get Full Airing At Weekend Powwow

WASHINGTON (AP)—President Eisenhower and Soviet Premier Nikita Khrushchev met separately with top advisers today planning for the talks that start late today on a Maryland mountaintop.

Khrushchev, still a walking exhibit of energy despite his grueling nationwide tour and a late dinner session Thursday night, was up for breakfast at 8:25 a.m. at Blair House, the President's guest house. Then he went back up to the third floor to "work on some papers" as aides trooped into the mansion.

A short block away and across the street, Eisenhower was in conference with Secretary of State Christian A. Herter. U. N. Ambassador Henry Cabot Lodge who accompanied Khrushchev on his cross-country tour, and Llewellyn Thompson, U. S. ambassador to Moscow. Earlier, the President had seen Gordon Gray, his special assistant on national security affairs.

As the conferences continued, the White House announced that Eisenhower and his guest had decided to go by helicopter rather than by automobile to Camp David, Md., the presidential retreat in the Catoctin Mountains where they will meet until Sunday.

The White House said Eisenhower asked Khrushchev to state his preference and the Premier chose a whirlbird.

They planned to fly together, taking off from the White House grounds at 5:15 p.m. on the 45-minute trip of about 65 miles. Also assigned to their craft were two interpreters; James J. Rowley, chief of the White House Secret Service detail; a Soviet security man; and Capt. E. P. Auran, Eisenhower's naval aide. Three more helicopters were ordered for other officials and security agents.

Starting tonight, the visiting Communist chief and the President will try to persuade each other to shift government policy in the interest of peace.

The two got down to man-to-man talks this weekend in a placid setting ideally adapted to talk about peace. In the cool privacy of the President's Camp David retreat in the Catoctin Mountains, 65 miles away from the bustle of Washington, the two will talk until Sunday about disarmament, divided Germany, nuclear weapons and other issues which keep the world's nerves on edge.

Khrushchev ended his United States tour with the same note of persistent challenge he sounded at the outset: The burden of proof of good intentions is upon the United States.

This was his theme at the final non-diplomatic gathering of his tour, a dinner in Washington attended by a group of leading U.S. businessmen Thursday night. The dinner, given by Eric Ridder, publisher of the New York Journal of Commerce, was private. Those present quoted Khrushchev as saying:

"If the United States renounces disarmament, one would doubt its sincerity. It would not appear to be mature."

This, for Khrushchev, is one test of American intentions. Another, he made plain, will be willingness of the United States to sell the U.S.S.R. anything or everything, regardless of any item's usefulness for building a war machine.

He also repeated his contention that the United States, not the Soviet Union, was the sinner responsible for the state of world politics.

"The political cold war is coming from you, not from us," insisted the Communist chief. "We are not afraid of the cold, but we would like more favorable winds to blow."

UNITED NATIONS, N.Y. (AP) — Ireland sounded out U.N. members today seeking support for a demand that the General Assembly brand Red China a violator of human rights in Tibet.

Faced with opposition not only from the Soviet bloc but some neutralist and colonial nations, Ireland was reported anxious to make sure her proposed resolution would get the two-thirds vote needed for adoption by the 82-nation General Assembly.

Gyalo Thondup, 31-year-old elder brother of the exiled Dalai Lama, said in an interview in New Delhi Thursday that far more than 50,000 Tibetan irregulars still were waging rebellion against the Red Chinese using knives, old guns or any other weapons they could find.

Thondup said the Chinese killed 100,000 Tibetans in recent years, including 20,000 in the uprising in the capital, Lhasa, last March. Thondup is planning to come to New York to report to the U.N. what he called a "true picture" of the situation in Tibet.

The Dalai Lama who fled to India after the uprising, charged a month ago that the Communist rule had cost his country 80,000 lives.

A number of U.N. delegations were reported awaiting word from their governments whether to rally behind the Irish proposal which would put the Tibetan issue on the assembly agenda and propose a condemnation resolution.

Irish Foreign Minister Frank Aiken said a resolution was in the works, but that his delegation would not try to put it in until next week.

## Cars Collide; Two Injured

Two passengers were injured in a two-car crash on Route 23 about three miles south of here at 4:20 a. m.

Richard Pierce, 31, Route 3, Chillicothe, suffered lacerations of the face and arms. Robert Ford, 21, Route 3, Chillicothe, received a deep laceration on the forehead. Both were treated at Berger Hospital.

The injured were passengers in a car driven by Donald Seymour, 25, Route 1, Frankfort. He was not injured.

The other auto was driven by Elmer Estep, 45, Route 4, Circleville, who was not injured.

ESTEP told Deputy Sheriff Robert Hoover that his northbound car was struck in the rear by Seymour's auto. Both vehicles were extensively damaged, the deputy said.

Hoover cited Seymour for driving under the influence of intoxicants and failure to have assured clear distance ahead.

## If Not Settled Soon, Steel Strike To Unbalance Budget, Ike Aides Say

WASHINGTON (AP) — The Eisenhower administration had a new and urgent reason today for possible intervention in the 10-week steel strike. If it is not settled soon, it will unbalance the federal budget.

Steel strike negotiations adjourned about noon today without any date being set for a resumption of talks.

Budget Director Maurice Stans Thursday unveiled a new and higher estimate of federal spending for this 1960 fiscal year. It carries a 95 million dollar surplus, a 25 million dollar increase over previous estimates, built on the assumption of prosperity and rising tax collections.

Government revenues will suffer quickly, Stans told reporters, if the mighty steel industry fails to resume production in time to prevent a spreading industrial paralysis, dropping income, and declining profits.

"If the strike is not settled in two or three weeks — or if there is no Taft-Hartley injunctions or some other action to get the men back to work — the surplus would be rather quickly wiped out," he said.

Chances of a quick settlement of the strike remained uncertain, spasmodically in New York with no apparent progress.

There had been previous indications that early October would

## New Fair Trade Law Slated To Hike Ohio Prices, Claim

COLUMBUS, Ohio (AP) — "It will cost you more when the new fair trade law goes into effect," the salesman told an appliance customer.

That sales pitch can be heard in various retail stores to induce purchases before the Oct. 22 effective date of the law enacted by the last Legislature over Gov. Michael V. DiSalle's veto.

The act permits manufacturers to fix minimum prices on trademarked products sold in open competition with other items. Under that arrangement, retailers can not cut prices below the fair trade minimum without risking court action by manufacturers.

The new law says that if a retailer buys an item under notice that a fair trade price has been set, it constitutes an agreement not to sell below the fair trade price.

But some retailers claim that therein lies the sleeper in the law. They say that if a manufacturer does not recognize the need of the law, there will be no price fixing. They contend that few manufacturers will make any move to set up a minimum price. As a result, they say, the new law will prove to be a dud.

The statute was designed to replace fair trade laws knocked out by the Ohio Supreme Court. Numerous retailers said a new fair trade law was needed to protect them against underselling by larger stores and discount houses.

The new fair trade law already is under attack in Cuyahoga County Common Pleas Court and other suits may be in the offing.

Five discount houses owned by a Detroit, Mich., chain claimed in separate declaratory judgment actions that Ohio's new fair trade law is unconstitutional.

Howard M. Metzbaum, Cleveland attorney for several discount houses, said earlier he expected to challenge the new law. Metzbaum's court action knocked out earlier fair trade laws that sought to bind non-signers of fair trade contracts to observe minimum prices.

Several organizations joined hands in lobbying the new fair trade law through the Legislature.

They included: Ohio State Pharmaceutical Assn., Ohio Assn. of Tobacco Distributors, Ohio Food Dealers Assn., Ohio Retail Gasoline Dealers, Ohio Hardware Assn.

Ohio Retail Jewelers Assn., and the Ohio Small Business Committee. That committee embraced camera shops, and dealers in appliances, sporting goods and stationery.

The Ohio House voted 112-6 to override DiSalle's veto of the fair trade law. The Senate voted 30-3 to override.

## Missile Fired From Bomber Proves Failure

WASHINGTON (AP)—The Air Force was reported today to have been blocked by technical troubles in an attempt to launch a ballistic missile from a bomber in flight and put it close to the orbit of the Paddle Wheel satellite Explorer VI.

A source close to the experiment said the missile was carried high over Florida during the early morning hours but the launching was called off after half an hour's flight. The only immediate explanation was "technical difficulties."

The source said the trial was put off indefinitely.

There was no suggestion that the experiment had been called off permanently.

An Air Force spokesman said the firing may prove the feasibility of using air-launched ballistic missiles to intercept any enemy satellite that might spy on this country.

The satellite would be traveling at its highest speed—26,000 miles an hour—and the likelihood of getting the much slower supersonic missile near it seemed small. The satellite slows down at the top of its orbit, and its average speed for the complete circuit is 18,000 m.p.h.

There reportedly will be no attempt to hit the Paddle Wheel satellite, but only to co-orbit the missile with it briefly.

The satellite is nicknamed for its radiating vanes that draw power from the sun for its radio instruments. Launched Aug. 7, it still is working fine, and scientists hope to get information from it for months to come.

## Big 2 Chiefs To Parley in Mountain Cabin

Cold War Differences To Get Full Airing At Weekend Powwow

WASHINGTON (AP) — President Eisenhower and Soviet Premier Nikita Khrushchev met separately with top advisers today planning for the talks that start late today on a Maryland mountaintop.

Khrushchev, still a walking exhibit of energy despite his grueling nationwide tour and a late dinner session Thursday night, was up for breakfast at 8:25 a.m. at Blair House, the President's guest house. Then he went back up to the third floor to "work on some papers" as aides trooped into the mansion.

A short block away and across the street, Eisenhower was in conference with Secretary of State Christian A. Herter. U. N. Ambassador Henry Cabot Lodge who accompanied Khrushchev on his cross-country tour, and Llewellyn Thompson, U. S. ambassador to Moscow. Earlier, the President had seen Gordon Gray, his special assistant on national security affairs.

As the conferences continued, the White House announced that Eisenhower and his guest had decided to go by helicopter rather than by automobile to Camp David, Md., the presidential retreat in the Catoctin Mountains where they will meet until Sunday.

The White House said Eisenhower asked Khrushchev to state his preference and the Premier chose a whirlybird.

They planned to fly together, taking off from the White House grounds at 5:15 p.m. on the 45-minute trip of about 65 miles. Also assigned to their craft were two interpreters; James J. Rowley, chief of the White House Secret Service detail; a Soviet security man; and Capt. E. P. Aurand, Eisenhower's naval aide. Three more helicopters were ordered for other officials and security agents.

Starting tonight, the visiting Communist chief and the President will try to persuade each other to shift government policy in the interest of peace.

The two get down to man-to-man talks this weekend in a placid setting ideally adapted to talk about peace. In the cool privacy of the President's Camp David retreat in the Catoctin Mountains, 65 miles away from the bustle of Washington, the two will talk until Sunday about disarmament, divided Germany, nuclear weapons and other issues which keep the world's nerves on edge.

Khrushchev ended his United States tour with the same note of persistent challenge he sounded at the outset: The burden of proof of good intentions is upon the United States.

This was his theme at the final non-diplomatic gathering of his tour, a dinner in Washington attended by a group of leading U.S. businessmen Thursday night. The dinner, given by Eric Ridder, publisher of the New York Journal of Commerce, was private. Those present quoted Khrushchev as saying:

"If the United States renounces disarmament, one would doubt its sincerity. It would not appear to be mature."

This, for Khrushchev, is one test of American intentions. Another, he made plain, will be willingness of the United States to sell the U.S.S.R. anything or everything, regardless of any item's usefulness for building a war machine.

He also repeated his contention that the United States, not the Soviet Union, was the slinner responsible for the state of world politics.

"The political cold war is coming from you, not from us," insisted the Communist chief. "We are not afraid of the cold, but we would like more favorable winds to blow."

## Denman Back On Duty Here After Illness

Walter Denman, 225 Sunset Drive, enthusiastically returned to his work Monday after recuperating from a successful operation he underwent this summer, school officials reported today.

Denman is the Circleville school system personnel officer. He is employed by the City Board of Education to work throughout the entire system which includes Circleville, Wayne Twp., a portion of Washington Twp. and Circleville Twp.

George A. Hartman said today that Denman's work entails much more than just rounding up truants.

Hartman said Denman's duties on the pupil enumeration is invaluable. "Because of his contacts and intimate knowledge of the school population, he aids the administration in compiling grade lists used in balancing classes and in making home calls," Hartman said.

**HARTMAN SAID, "Denman keeps daily checks on attendance. It is largely through his efforts that Circleville schools have an almost constant 97.5 per cent attendance. This is a steady first place record among city schools in Ohio."**

School administrators have adopted a new policy regarding chronic cases of truancy. Denman has been instructed to take such cases to the Pickaway County Juvenile Court.

In the past it was necessary for the attendance officer to check at some homes several times a week. "This year, however, such 'horse play' with attendance must be eliminated," Hartman stated.

A thumbnail sketch which appeared in the 1959 Circleville High School annual said, "Walter Denman travels more miles, knows personally more individual pupils, their parents and their problems than anyone else in Circleville."

"He is a valued consultant to school organizations doing welfare and service projects."

## Toledoan Drops U.S. Citizenship

HAVANA (AP)—William Morgan, the Toledo, Ohio, veteran of the Cuban revolution confirmed Thursday he has renounced his American citizenship.

Prime Minister Fidel Castro's office had announced Monday that Morgan was taking the action. In an interview, Morgan told a reporter: "I married in Cuba. My daughter is a Cuban and I am tied up completely in the revolution. I believe in what they are fighting for."

Earlier this month, the United States denied Morgan's request that he be allowed to continue serving in Cuba without loss of his U. S. citizenship. U. S. law decrees loss of citizenship to U. S. nationals who serve in the armed forces of a foreign power.

Denman Back  
On Duty Here  
After Illness

Walter Denman, 225 Sunset Drive, enthusiastically returned to his work Monday after recuperating from a successful operation he underwent this summer, school officials reported today.

Denman is the Circleville school system personnel officer. He is employed by the City Board of Education to work throughout the entire system which includes Circleville, Wayne Twp., a portion of Washington Twp. and Circleville Twp. George A. Hartman said today that Denman's work entails much more than just rounding up truants.

Hartman said Denman's duties on the pupil enumeration is invaluable. "Because of his contacts and intimate knowledge of the school population, he aids the administration in compiling grade lists used in balancing classes and in making home calls," Hartman said.

**HARTMAN SAID**, "Denman keeps daily checks on attendance. It is largely through his efforts that Circleville schools have an almost constant 97.5 per cent attendance. This is a steady first place record among city schools in Ohio."

School administrators have adopted a new policy regarding chronic cases of truancy. Denman has been instructed to take such cases to the Pickaway County Juvenile Court.

In the past it was necessary for the attendance officer to check at some homes several times a week. "This year, however, such 'horse play' with attendance must be eliminated," Hartman stated.

A thumbnail sketch which appeared in the 1959 Circleville High School annual said, "Walter Denman travels more miles, knows personally more individual pupils, their parents and their problems than anyone else in Circleville."

"He is a valued consultant to school organizations doing welfare and service projects."

Toledoan Drops  
U.S. Citizenship

**HAVANA** (AP)—William Morgan, the Toledo, Ohio, veteran of the Cuban revolution confirmed Thursday he has renounced his American citizenship.

Prime Minister Fidel Castro's office had announced Monday that Morgan was taking the action. In an interview, Morgan told a reporter: "I married in Cuba. My daughter is a Cuban and I am tied up completely in the revolution. I believe in what they are fighting for."

Earlier this month, the United States denied Morgan's request that he be allowed to continue serving in Cuba without loss of his U. S. citizenship. U. S. law decrees loss of citizenship to U. S. nationals who serve in the armed forces of a foreign power.

# U.S. Treasury Asks Help from Bond Buyers

40 Million Investors  
Needed To Purchase  
Government Issues

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—The Treasury is looking for help today from the 40 million investors who are widely labeled unsophisticated.

It hopes that it is making their 42½ billion dollars worth of U. S. savings bonds attractive enough for them to hold on to, so they'll stop turning them in at an embarrassing rate.

It even hopes—but with much more wistfulness—that they will buy more.

The Treasury needs the money, because government expenses are so high. It also wants to stop the drain on the cash it has, caused by the excess of redemption of savings bonds over sales.

That is what is behind the hike in yields on Series "E" and "H" bonds to 3½ per cent which President Eisenhower has just approved.

For the 40 million it's in a sense just a lucky windfall. They'll get more now because the Treasury is having financial troubles.

Many have been turning in their savings bonds because they could get more for their money if they put it into other forms of investment.

But many have gone right along buying them anyway. Some 8½ million have been doing so through payroll withholding plans.

Why do they, when the sophisticated saver has been getting higher returns by buying stocks or other kinds of bonds or real estate?

For one thing, a government bond is just about the safest risk there is. If the U. S. government should go under—the most unlikely thing in the world at the moment—what else would be worth a plugged nickel?

And for millions the payroll reduction plan is about the only way they can be sure of saving anything. Millions now look upon their take-home pay as their real pay. They are conditioned to ignore what is deducted.

And once the cash is in hand, many of us—maybe most of us—find it trickling right through the fingers, sometimes mysteriously. To save at all, the 8½ million feel the payroll saving plan is the only way.

Others go on buying, or holding, savings bonds out of habit. The yield has been unattractive for some time and Congress has been loathe to add to the government's growing bill for interest payments—now in excess of eight billion dollars a year—by authorizing a hike in rates on savings bonds. But it's a way to save—a safe nestegg for the day when a family emergency arises.

And many don't feel they're as sophisticated as other investors claim to be. They've seen others stuck with a lemon when they took a fling at buying stock, or real estate for that matter.

But too many have been cashing in their bonds and too few buying them for the Treasury to feel happy. The total of outstand-

## PICTURE TALK

Big-As-Life

You take a little color slide, hardly bigger than two 4-cent stamps. You put it in a slide projector. And suddenly you've got a happy memory on the screen as big and colorful as the day it happened.

That's the special, unbeatable magic of color slide photography, the magic that seems to be putting more and more people under its spell every day.

Of course, another of the potent lures is that it's so easy to get started taking color slides. You can get everything you need to take color slides indoors or outdoors, in one smartly-designed package.

One wonderful way to get started is with the Kodak Pony II Camera. Let me give you a quick look inside. First the camera: the famous Pony II. It's trim, smartly styled, snuggles right into the palm of your hand. You can count on getting good slides with your Pony Camera with your first roll of film.

To go with the camera there's the Kodak Pocket Flashholder. (Called the "Pocket" because it folds in half small enough to fit into one.) Plus eight flashbulbs. Plus two batteries. Plus a 20-exposure roll of Kodachrome film.

That's plenty to pack into an outfit—but not all. There's also a Pocket Viewer that lets you show your slides any time, any place.

It's a bargain you can buy at our counter for as little as \$38.65.

## Ohio State Freshmen Warned about Grades

COLUMBUS, Ohio (AP)—Ohio State University's incoming freshmen were warned Thursday to maintain basic scholastic standards or face expulsion from the school. University President Dr. Novice G. Fawcett addressed a group of some 7,000 new and transfer students. He said taxpayers are subsidizing education and the expense must be justified by the student through study. He also cautioned the group on the dangers of specialization, commenting that modern society requires an education which allows a specialist to deal with a variety of problems.

ing bonds has slumped for four straight months as redemptions topped sales.

The Treasury will now find out if a 3½ per cent return is enough to reverse the trend.

THE CLASS of 1948 of Kingston High School held its annual "get-together" and picnic at Gold Cliff Sunday.

Mr. A. D. Ellis was class advisor and he and Mrs. Ellis were their guests for the day. Only one member of the class of 10 was absent.

The other members, together with their families, enjoyed a fine time visiting and reminiscing.

They were Mrs. David Fullen (Jane Bennett) and little son Mitchell of Circleville; Mr. and Mrs. Russell Hitchinson (Naomi Murphy) and Mr. and Mrs. James Davis (Patty Britton) and daughter of Yellowbud; Mr. and Mrs. Weldon Evans (Patty Chaffin) and four children, Chillicothe; Mr. and Mrs. Charles French Jr. (Mary K. Roll) and children; Mr. and Mrs. Arthur Jackson (Patty Lauerman) and daughter; Mr. and Mrs. Carl Phillips (Mary Edler) and four children; Mr. and Mrs. Forest Phillips (Margaret Linton) and four children, and Mr. Lowell

Orr, all of the Kingston community.

Orr is at present attending the University of Tennessee, working on his doctorate where he also has an assistant professorship in Zoological Science.

The Yo-Ma-Co group of the Methodist Church will meet on Saturday evening, September 26 at the home of Mr. and Mrs. John B. Thomas, W. Pickaway St.

Two more Civic Club benefits were held this week. The first one on Tuesday morning was a breakfast, held at the home of Mrs. Raymond Davis.

The following guests enjoyed the coffee and chatter: Mrs. Wallace Evans, Mrs. Thomas Congrove, Mrs. Ray Congrove, Mrs. Gene Wright, Mrs. David Evans, Mrs. Dane Patrick, Mrs. Dwight Davis, Mrs. John Davis, Mrs. Robert Valentine, Mrs. Wilbert Musser, Mrs. Merrel Routt, Mrs. Charles Search, Mrs. William Meadows, Mrs. Charles Maxwell, Mrs. Paul Miller, Mrs. Dwight Famuliner, Mrs. Edgar Stoneburner, and Mrs. Clarence Lyons.

On Wednesday morning Mrs. Carrol Minor and Mrs. Gene Crawford were co-hostesses at a brunch given at the country home of the Minors.

Their guests were Mrs. George Rill, Mrs. Clarence Maxson, Mrs. John Morgan, Mrs. Raymond Davis, Mrs. Clarence Lyons, Mrs. Ernest Kline, Mrs. John B. Thomas, Mrs. Cecil Bower, Mrs. James Lovette, Mrs. Claude Crawford, Mrs. Wayne Luckhart, Mrs. David

Luckhart, Mrs. Bert Jackson, Mrs. Leslie Dearth and Miss Margaret Thomas.

MRS. DONALD JONES entertained the local Child Conservation League organization at her home on Wednesday. She was assisted by Mrs. Harold Wright.

Mrs. Wright, the chairman, conducted the business session. Plans

were made to attend the State Convention of the C.C.L. to be held October 7 at the Biltmore Hotel in Dayton.

Mrs. Ray Congrove won the mystery gift.

The October meeting will be held at the home of Mrs. Sandra Miller, in Circleville, after which the members will attend the Pumpkin Show.

Attending the dinner meeting of Delta Kappa Gamma at the Lynn House, on Monday, were Mrs. Ed Digges, Miss Grace Dresbach, Miss Florence Ruth Marshington, and Miss Margaret Thomas.

There were 47 members present, including the eight new members, who were initiated before the dinner.

# U.S. Treasury Asks Help from Bond Buyers

## 40 Million Investors Needed To Purchase Government Issues

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—The Treasury is looking for help today from the 40 million investors who are widely labeled unsophisticated.

It hopes that it is making their 42½ billion dollars worth of U. S. savings bonds attractive enough for them to hold on to, so they'll stop turning them in at an embarrassing rate.

It even hopes—but with much more wishfulness—that they will buy more.

The Treasury needs the money, because government expenses are so high. It also wants to stop the drain on the cash it has, caused by the excess of redemption of savings bonds over sales.

That is what is behind the hike in yields on Series "E" and "H" bonds to 3½ per cent which President Eisenhower has just approved.

For the 40 million it's in a sense just a lucky windfall. They'll get more now because the Treasury is having financial troubles.

Many have been turning in their savings bonds because they could get more for their money if they put it into other forms of investment.

But many have gone right along buying them anyway. Some 8½ million have been doing so through payroll withholding plans.

Why do they, when the sophisticated saver has been getting higher returns by buying stocks or other kinds of bonds or real estate?

For one thing, a government bond is just about the safest risk there is. If the U. S. government should go under—the most unlikely thing in the world at the moment—what else would be worth a plugged nickel?

And for millions the payroll reduction plan is about the only way they can be sure of saving anything. Millions now look upon their take-home pay as their real pay. They are conditioned to ignore what is deducted.

And once the cash is in hand, many of us—maybe most of us—find it trickling right through the fingers, sometimes mysteriously. To save at all, the 8½ million feel the payroll saving plan is the only way.

Others go on buying, or holding, savings bonds out of habit. The yield has been unattractive for some time and Congress has been loathe to add to the government's growing bill for interest payments—now in excess of eight billion dollars a year—by authorizing a hike in rates on savings bonds. But it's a day to save—a safe nestegg for the way when a family emergency arises.

And many don't feel they're as sophisticated as other investors claim to be. They've seen others stuck with a lemon when they took a fling at buying stock, or real estate for that matter.

But too many have been cashing in their bonds and too few buying them for the Treasury to feel happy. The total of outstand-

ing bonds has slumped for four straight months as redemptions topped sales.

The Treasury will now find out if a 3½ per cent return is enough to reverse the trend.

### Big-As-Life

You take a little color slide, hardly bigger than two 4-cent stamps. You put it in a slide projector. And suddenly you've got a happy memory on the screen as big and colorful as the day it happened.

That's the special, unbeatable magic of color slide photography, the magic that seems to be putting more and more people under its spell every day.

Of course, another of the potent lures is that it's so easy to get started taking color slides. You can get everything you need to take color slides indoors or outdoors, in one smartly-designed package.

One wonderful way to get started is with the Kodak Pony II Camera. Let me give you a quick look inside. First the camera: the famous Pony II. It's trim, smartly styled, snuggles right into the palm of your hand. You can count on getting good slides with your Pony Camera with your first roll of film.

To go with the camera there's the Kodak Pocket Flashholder. (Called the "Pocket" because it folds in half small enough to fit into one.) Plus eight flashbulbs. Plus two batteries. Plus a 20-exposure roll of Kodachrome film.

That's plenty to pack into an outfit—but not all. There's also a Pocket Viewer that lets you show your slides any time, any place.

It's a bargain you can buy at our counter for as little as \$38.65.

Mrs. W. S. Rhoades, Mrs. Ralph Yingling, Mrs. Sam Cloud, Mrs. Richard Klever, Mr. and Mrs. Ed Digges, and Miss Margaret Thomas, members of the local chapter O.E.S., were among the guests attending the Assembly, Order of "Rainbow for Girls" on Saturday evening. Others attending from Kingston were Mrs. Jack Smith and the Rev. Cowdick.

Miss Sandra Stone was installed as Worthy Advisor. The honorary installing officer was her grandmother, Mrs. H. A. Kille. Her uncle and aunt, Mr. and Mrs. Digges, were introduced and Mr. Digges presented a gavel to his niece.

Miss Stone had chosen as her theme "The Beauty of the Rainbow" and this theme was carried out in the decorations, favors, and music, for the evening.

Other officers from this community who were installed were Ann Smith, chaplain and Sue Klever, religion. Sue Cloud was one of the official hostesses, and assisted in serving punch at the refreshment table.

The Rev. Mr. Cowdick gave the benediction.

## Steel Strike Getting Serious

Warnings, in and out of Washington, that the steel strike of more than two months duration is beginning to hurt the economy is accompanied by evidence of hardening of attitudes on both sides.

The AFL-CIO convention at San Francisco brought a great demonstration of support for the steelworkers. The strike, already the longest postwar stoppage in the industry, is held by union leaders to be directed against union-busting aims. The big organization has already donated a million dollars to the striking union.

Management heads, by showing no intention of settling along classic lines for a wage and steel price increase, also disclose an adamant attitude. They are determined to regain some decisions about working conditions which they have lost.

This stalemate could go on well into October, at which time, Secretary of Labor

Mitchell says, there will be heavy employment losses and a severe downturn in the economy. He has said he will then urge the President to invoke the Taft-Hartley Act calling for an 80-day injunction against the strike.

It is difficult to see how the government, in view of the threat to business and employment, can avoid that step unless the strike soon is ended by negotiation. It is too much to risk hardships for all when the machinery is available to prevent such an eventuation.

## Angry Young Man Subsides

NEW YORK (AP)—Rod Serling, one of the earliest and loudest of television's angry young men, is angry no more.

For years he engaged in a running battle with agencies and sponsors over his right as an author to say what he wanted in the way he wanted.

"I'm no longer an angry young man," smiled the dark-haired, 34-year-old ex-combat paratrooper. "Now I'm merely a petulant, aging man."

Actually, Rod, who probably has rung up more "firsts" than any other TV writer, has simmered down because he feels he has won success without losing his freedom.

"My philosophy is to please as many people as I can—without selling out to them," he said.

Serling makes his debut in a

new role Oct. 2 as executive producer of a weekly series of odd, offbeat and sometimes eerie tales of adventure in the realm of the imagination.

He has written 21 of the first 26 stories himself, and will also act as host and narrator for the series.

"That makes me a star, I guess," he said cheerfully. It will also give him three or four salaries, plus later residuals. These rerun rights are highly important today. They are bringing some writers from \$25,000 to \$75,000 a year.

Serling won a \$500 prize for a radio script while still a student at Antioch College in Ohio in 1948, then wrote 40 more scripts that didn't sell.

He quit a \$90 a week job with a Cincinnati radio station when

he asked for a \$10 raise and was turned down.

For two "lean but happy years" he and his wife—he married his college sweetheart—lived in a trailer until he began to click as a free lance.

"I got \$100 for my first half-hour TV script," he recalled. "Writers are better paid now. The fee for a half-hour show today is from \$2,000 to \$4,000."

Altogether he has sold more than 100 TV scripts and six screen plays.

"I've got two healthy children and a good wife, and I can't conceive of anything else a person could hunger for," he said.

"I'm not in rebellion against anything. What can I rebel against? Life has been too good to me."

## Words with a Familiar Ring

By George Sokolsky

Nikita Khrushchev's disarmament plan did not require as much study as first seemed necessary in relationship to the importance of the man. As one listened to it and then read and re-read it and analyzed it, the question arose: "When did I hear those words before?"

Actually, there is nothing new in Khrushchev's disarmament proposal. Time after time, Soviet representatives at the United Nations have proposed many of the salient features of the Khrushchev plan. What might be regarded as new is some of the language, but the ideas are old and so broadly stated as to be impossible of implementation. At most, he is opposed to sin.

For instance, the removal of all foreign troops from all countries, which really means the removal of American troops from West Germany, would make it very easy for Russia via East Germany to gobble up West Germany. Soviet Russia via East Germany, Poland, and Czechoslovakia is only a few miles from West Germany, whereas if the United States removed its troops, we would have an ocean between us and West Germany. It is a little too cute to make such a proposal. All one needs is a map to see how false it is. But Khrushchev adds to that the elimination of all armed forces of all countries, however he makes no provision for inspection and control.

Then he proposes an atom-free zone in Central Europe—an old idea which in effect neutralizes Germany, the Scandinavian countries, and probably Austria and Italy, thus establishing an indefensible mid-European area in which Soviet Russia could operate by means not available to other countries.

Then he suggested the total abolition of armies, navies and air forces, leaving only the police and militia, which are to exist on a proportional basis. As Soviet Russia is the largest country geographically and in population, it would have the largest militia and police force which could be quickly translated into a military force.

The Versailles Treaty deprived Germany of its military forces after World War I. It permitted Germany to have a militia and a police force. That militia and police force expanded until it became the vast army that Hitler used to fight a six-year on multiple fronts. The Naval Treaty of Washington (1922) limited Japan's navy, but when World War II came, Japan had, in the Marshall Islands, an ample navy and air force, enough to strike the blow at Pearl Harbor.

It is difficult to understand why Khrushchev's advisers per-

mitted him to make such a speech as he did at the United Nations. Although it was a carefully written and carefully delivered address, it offered no new ideas, no promise of an acceptable program. It rather indicated that he is a man who has not been informed by his associates and subordinates concerning the countries with which he has to deal.

It is obvious from his words and tone that he really believes that the United States wants to continue the arms race so that munitions-makers will earn profits. Who are the munitions-makers? They are several thousand American companies, generally owned by the public, which manufacture all sorts of tools and components which are assembled and made into implements of war. These same companies also, for the most part, manufacture machinery for industry or items of consumers' goods and usually avoid becoming dependent upon orders for military supplies, because military supervision and accounting disturb sound business practices. Most

of these companies do well in their non-military lines.

The "Merchants of Death" theory, a Communist agitational apparatus of the 1930's, was ridiculous then and is even more ridiculous now, after all the lessons that have been learned during World War I and II. The processes of renegotiation are enough to keep any American businessman from converting his plant into war work if he can help it.

Khrushchev, in nearly every speech, displays an extraordinary lack of information. It would be interesting to know who his American experts are. If they are Russians, there is some excuse for their errors, although in the United States there are many experts on matters Russian whose data and judgment can be relied upon.

If his experts are American Communists, he is getting partisan nonsense such as is published in "The Worker." Whoever his experts may be, they have shown little understanding of American psychology and American purposes.

## New X-Ray Methods Used

By Herman N. Bundesen, M.D.

Virtually all strokes result from the same general trouble — interference with the blood supply to the brain.

However, there are various reasons for this interference. And determining the basic cause of the stroke is the problem that confronts the doctor.

A recent development which permits us to see the cause of the stroke, with relatively little risk to the patient, promises to provide accurate and precise information on the cause of brain strokes.

Doctors have been using an X-ray diagnostic technique, cerebral angiography, for some time. Now the procedure has been improved through the use of a new contrast agent.

Use of this new diagnostic aid was explained at a recent meeting of the American Neurological Association in Atlantic City, New Jersey.

Injection of the contrast agent enables a doctor to see, on a series of X-ray films, the lesion causing the stroke.

The films reveal the entire circulation of the blood in the neck on the way to the brain.

It is estimated that the plugging of the carotid artery in the neck accounts for possibly 25 per cent of all strokes. Because of in-

creased use of cerebral angiography, this type of stroke now is being diagnosed more frequently and quickly.

Once we have diagnosed the real source of the trouble we can go about correcting it.

There are a variety of surgical techniques for establishing unobstructed flow of blood to the brain. And it probably won't be too long before we can repair or replace diseased arteries before irreparable brain damage occurs.

Yet, unless we are able to determine the exact reason for the strokes, the striking advances in medical and surgical therapy won't be as beneficial as they could be.

This method of actually seeing the villain on X-ray film has been perfected to the point where it is both highly effective and generally safe.

Question and Answer

E. L. P.: I have a dropped womb and have been told that I will have to have an operation.

In this kind of surgery, do they remove the womb or just lift it?

Can you tell me how long I would have to be in the hospital for surgery of this kind?

Answer: Operation for a dropped womb usually consists in replacing the organ in position and supporting it there. In rare cases it is more satisfactory to remove the womb, especially in older women. Usually these procedures require hospitalization for about a week.

## Angry Young Man Subsides

NEW YORK (AP)—Rod Serling, one of the earliest and loudest of television's angry young men, is angry no more.

For years he engaged in a running battle with agencies and sponsors over his right as an author to say what he wanted in the way he wanted.

"I'm no longer an angry young man," smiled the dark-haired, 34-year-old ex-combat paratrooper. "Now I'm merely a petulant, aging man."

Actually, Rod, who probably has rung up more "firsts" than any other TV writer, has simmered down because he feels he has won success without losing his freedom.

"My philosophy is to please as many people as I can—without selling out to them," he said.

Serling makes his debut in a

new role Oct. 2 as executive producer of a weekly series of odd, offbeat and sometimes eerie tales of adventure in the realm of the imagination.

He has written 21 of the first 26 stories himself, and will also act as host and narrator for the series.

"That makes me a star, I guess," he said cheerfully. It will also give him three or four salaries, plus later residuals. These rerun rights are highly important today. They are bringing some writers from \$25,000 to \$75,000 a year.

Serling won a \$500 prize for a radio script while still a student at Antioch College in Ohio in 1948, then wrote 40 more scripts that didn't sell.

He quit a \$90 a week job with a Cincinnati radio station when

he asked for a \$10 raise and was turned down.

For two "lean but happy years" he and his wife—he married his college sweetheart—lived in a trailer until he began to click as a free lance.

"I got \$100 for my first half-hour TV script," he recalled. "Writers are better paid now. The fee for a half-hour show today is from \$2,000 to \$4,000."

Altogether he has sold more than 100 TV scripts and six screen plays.

"I've got two healthy children and a good wife, and I can't conceive of anything else a person could hunger for," he said.

"I'm not in rebellion against anything. What can I rebel against? Life has been too good to me."

## Words with a Familiar Ring

By George Sokolsky

Nikita Khrushchev's disarmament plan did not require as much study as first seemed necessary in relationship to the importance of the man. As one listened to it and then read and reread it and analyzed it, the question arose: "When did I hear those words before?"

Actually, there is nothing new in Khrushchev's disarmament proposal. Time after time, Soviet representatives at the United Nations have proposed many of the salient features of the Khrushchev plan. What might be regarded as new is some of the language, but the ideas are old and so broadly stated as to be impossible of implementation. At most, he is opposed to sin.

For instance, the removal of all foreign troops from all countries, which really means the removal of American troops from West Germany, would make it very easy for Russia via East Germany to gobble up West Germany. Soviet Russia via East Germany, Poland, and Czechoslovakia is only a few miles from West Germany, whereas if the United States removed its troops, we would have an ocean between us and West Germany. It is a little too cute to make such a proposal. All one needs is a map to see how false it is. But Khrushchev adds to that the elimination of all armed forces of all countries, however he makes no provision for inspection and control.

Then he proposes an atom-free zone in Central Europe—an old idea which in effect neutralizes Germany, the Scandinavian countries, and probably Austria and Italy, thus establishing an indefensible mid-European area in which Soviet Russia could operate by means not available to other countries.

Then he suggested the total abolition of armies, navies and air forces, leaving only the police and militia, which are to exist on a proportional basis. As Soviet Russia is the largest country geographically and in population, it would have the largest militia and police force which could be quickly translated into a military force.

The Versailles Treaty deprived Germany of its military forces after World War I. It permitted Germany to have a militia and a police force. That militia and police force expanded until it became the vast army that Hitler used to fight a six-year on multiple fronts. The Naval Treaty of Washington (1922) limited Japan's navy, but when World War II came, Japan had, in the Marshall Islands, an ample navy and air force, enough to strike the blow at Pearl Harbor.

It is difficult to understand why Khrushchev's advisers per-

mitted him to make such a speech as he did at the United Nations. Although it was a carefully written and carefully delivered address, it offered no new ideas, no promise of an acceptable program. It rather indicated that he is a man who has not been informed by his associates and subordinates concerning the countries with which he has to deal.

It is obvious from his words and tone that he really believes that the United States wants to continue the arms race so that munitions-makers will earn profits. Who are the munitions-makers? They are several thousand American companies, generally owned by the public, which manufacture all sorts of tools and components which are assembled and made into implements of war. These same companies also, for the most part, manufacture machinery for industry or items of consumers' goods and usually avoid becoming dependent upon orders for military supplies, because military supervision and accounting disturb sound business practices. Most

of these companies do well in their non-military lines.

The "Merchants of Death" theory, a Communist agitational apparatus of the 1930's, was ridiculous then and is even more ridiculous now, after all the lessons that have been learned during World War I and II. The processes of negotiation are enough to keep any American businessman from converting his plant into war work if he can help it.

Khrushchev, in nearly every speech, displays an extraordinary lack of information. It would be interesting to know who his American experts are. If they are Russians, there is some excuse for their errors, although in the United States there are many experts on matters Russian whose data and judgment can be relied upon.

If his experts are American Communists, he is getting partisan nonsense such as is published in "The Worker." Whoever his experts may be, they have shown little understanding of American psychology and American purposes.

## New X-Ray Methods Used

By Herman N. Bundesen, M.D.

Virtually all strokes result from the same general trouble — interference with the blood supply to the brain.

However, there are various reasons for this interference. And determining the basic cause of the stroke is the problem that confronts the doctor.

A recent development which permits us to see the cause of the stroke, with relatively little risk to the patient, promises to provide accurate and precise information on the cause of brain strokes.

Doctors have been using an X-ray diagnostic technique, cerebral angiography, for some time. Now the procedure has been improved through the use of a new contrast agent.

Use of this new diagnostic aid was explained at a recent meeting of the American Neurological Association in Atlantic City, New Jersey.

Injection of the contrast agent enables a doctor to see, on a series of X-ray films, the lesion causing the stroke.

The films reveal the entire circulation of the blood in the neck on the way to the brain.

It is estimated that the plugging of the carotid artery in the neck accounts for possibly 25 per cent of all strokes. Because of in-

creased use of cerebral angiography, this type of stroke now is being diagnosed more frequently and quickly.

Once we have diagnosed the real source of the trouble we can go about correcting it.

There are a variety of surgical techniques for establishing unobstructed flow of blood to the brain. And it probably won't be too long before we can repair or replace diseased arteries before irreparable brain damage occurs.

Yet, unless we are able to determine the exact reason for the strokes, the striking advances in medical and surgical therapy won't be as beneficial as they could be.

This method of actually seeing the villain on X-ray film has been perfected to the point where it is both highly effective and generally safe.

Question and Answer

E. L. P.: I have a dropped womb and have been told that I will have to have an operation.

In this kind of surgery, do they remove the womb or just lift it? Can you tell me how long I would have to be in the hospital for surgery of this kind?

Answer: Operation for a dropped womb usually consists in replacing the organ in position and supporting it there. In rare cases it is more satisfactory to remove the womb, especially in older women. Usually these procedures require hospitalization for about a week.

MOSCOW (AP) — Pravda, the Communist party newspaper, said today that the atmosphere had greatly changed in the United States and that Soviet Premier Nikita Khrushchev brought it about in little more than a week. Pravda topped its front page with a headline saying "millions upon millions of Americans give Khrushchev a joyous welcome," and reported that American cities were "competing to give the emissary of the great Soviet people the warmest and most joyous welcome."

## God's Call to Faithfulness

THE PROPHET CONDEMNS THE WICKED PRACTICES  
OF ISRAEL'S PRIESTS

Scripture—Malachi.

By NEWMAN CAMPBELL  
"THE WORD Malachi means, literally, 'my messenger'." writes Dr. Wilbur M. Smith, editor of *Peloubet's Select Notes*. "The exact date of Malachi's ministry is not known, but most scholars place it between 430 and 425 B.C. The Prophet begins this last book of the Old Testament with the words: 'I have loved you, saith the Lord. Yet ye say, Wherein hast Thou loved us?' which implies that the people of Israel were poor and discouraged."—Malachi 1:2.

Then Malachi points out how the people of Israel have sinned, but he particularly rebukes the priests who led the people astray by their practices.

"Ye have wearied the Lord with your words. Yet ye say, Wherein have we wearied Him? When ye say, every one that doeth evil is good in the sight of the Lord, and He delighteth in them; or, Where is the God of judgment?"—Malachi 2:17.

"Behold, I will send My messenger, and he shall prepare the way before Me; and the Lord,

lame or sick, that is, animals which they could not sell in the market. In other words, they gave God that which they otherwise would have no use for, and thereby, in their very worship placed their own welfare first and glory to God second or third."

Today do not many of us spend our money for luxuries when we purchase clothes, and gasoline to run our automobiles? But are we generous in our contributions to our church? We look to our friends in the church and especially to our pastor for comfort in our misfortunes, bereavement, etc. But do we contribute generously enough to God in our offerings by remembering the many activities in which the church participates, such as the mission-ary fund, which we may fill with things which are no longer of any use?

The prophet rebuked the Israelites on the subject of divorce, a problem that is as distressing in our time, sad to say, as it was in that olden time. Many Israelite men married daughters of idola-  
trous people. Then, when they

## MEMORY VERSE

"Man looketh on the outward appearance, but the Lord looketh on the heart."—1 Samuel 16:7.

whom ye seek, shall suddenly come to His temple, even the messenger of the covenant, whom ye delight in: behold, he shall come, saith the Lord of Hosts."—Malachi 3:1. John the Baptist was the messenger that the Lord sent to the people of Israel.

The Lord said of him: "But who may abide the day of his coming? and who shall stand when he appeareth? for he is like a refiner's fire, and like fuller's soap: And he shall sit as a refiner and purifier of silver: and he shall purify the sons of Levi, and purge them as gold and silver, that they may offer unto the Lord an offering in righteousness. Then shall the offering of Judah and Jerusalem be pleasant unto the Lord, as in the days of old, and as in former years."—Malachi 3:2-4.

Quoting from Dr. Wilbur M. Smith's *Peloubet's Select Notes*, we are told of some of the priests' faults for which Malachi rebuked them:

"They brought to the altar for sacrifices animals that were torn,

became dissatisfied with them, they resorted to divorce, "which was directly contrary to the Mosaic law." Jesus Christ Himself spoke against divorce.

Dr. Wilbur M. Smith's words: "There is even today, in our own country, the tragic situation of the lawlessness of our youth, again, and again attributed by judges and authorities in social problems, to homes that have been broken by divorce."

"Then they that feared the Lord spake often one to another: and the Lord hearkened, and heard it, and a book of remembrance was written before Him for them that feared the Lord, and that thought upon His name."—Malachi 3:16.

God calls us to be faithful to Him. If we are and we live according to His laws, we may expect our reward, both on earth and in the world to come. Let us all, young and old, remember this and teach the classes in the Sunday school to memorize and re-member the Memory Verse or Golden Text printed here.

## Scientist Hails Lima Area Skeleton Find

LIMA, Ohio (AP) — Thirteen  
skeletons believed to be about 4-  
600 years old were found near  
here today by an Ohio State Uni-  
versity archeologist.

The bones were found in a grav-  
el pit on Blue Lick Road, about  
one mile north of Lima, by Dr.  
Raymond S. Baby, curator of  
Ohio State University's Archeologi-  
cal Museum, and by three offi-  
cers of the Allen County Histori-  
cal Museum.

Dr. Baby said he thinks the find  
may prove to be one of the most  
significant archeological discover-  
ies in the United States.

He said he believes the bones  
are the remains of 13 Indian-like  
bodies buried between 1,500-2,500  
B. C. The tribe, similar to the  
Australian bushmen, lived in this  
area at that time, he said.

Dr. Baby was called to the  
scene by Lima police officials  
who reported finding a skeleton  
in the pit about three weeks ago.  
At first they thought it might be  
the skeleton of a murder victim,  
whose remains had never been  
found.

Later, four other skeletons were  
uncovered in the same area.

The discovery today brings the  
number of skeletons excavated to  
18, all of which are believed to be  
from the same period.

## God's Call to Faithfulness

THE PROPHET CONDEMNS THE WICKED PRACTICES  
OF ISRAEL'S PRIESTS

Scripture—Malachi.

By NEWMAN CAMPBELL.  
"THE WORD Malachi means,  
literally, 'my messenger,'" writes  
Dr. Wilbur M. Smith, editor of  
Peloubet's Select Notes. "The  
exact date of Malachi's ministry  
is not known, but most scholars  
place it between 430 and 425 B.C.  
The Prophet begins this last  
book of the Old Testament with  
the words: 'I have loved you,  
saith the Lord. Yet ye say,  
Wherein hast Thou loved us?'"

Which implies that the people of  
Israel were poor and discouraged.  
—Malachi 1:2.  
Then Malachi points out how  
the people of Israel have sinned,  
but he particularly rebukes the  
priests who led the people astray  
by their practices.

"Ye have wearied the Lord with  
your words. Yet ye say, Wherein  
have we wearied Him? When ye  
say, every one that doeth evil is  
good in the sight of the Lord, and  
He delighteth in them; or, Where  
is the God of judgment?"—Ma-  
lachi 2:17.

"Behold, I will send My mes-  
senger, and he shall prepare the  
way before Me; and the Lord,

came or sick, that is, animals  
which they could not sell in the  
market. In other words, they gave  
God that which they otherwise  
would have no use for, and there-  
by, in their very worship placed  
their own welfare first and glory  
to God second or third."

Today do not many of us spend  
our money for luxuries when we  
purchase clothes and gasoline to  
run our automobiles? But are we  
generous in our contributions to  
our church? We look to our  
friends in the church and espe-  
cially to our pastor for comfort  
in our misfortunes, bereavement,  
etc. But do we contribute gener-  
ously enough to God in our offer-  
ings by remembering the many  
activities in which the church  
participates, such as the mission-  
ary barrel, which we may fill with  
things which are no longer of any  
use?

The prophet reproved the Is-  
raelites on the subject of divorce,  
a problem that is as distressing  
in our time, sad to say, as it was  
in that old time. Many Israel-  
ite men married daughters of idola-  
trous people. Then, when they

### MEMORY VERSE

"Man looketh on the outward appearance, but the Lord looketh on the heart."—1 Samuel 16:7.

whom ye seek, shall suddenly  
come to His temple, even the mes-  
senger of the covenant, whom ye  
delight in: behold, he shall come,  
saith the Lord of Hosts."—Ma-  
lachi 3:1. John the Baptist was  
the messenger that the Lord sent  
to the people of Israel.

The Lord said of him: "But  
who may abide the day of his com-  
ing? and who shall stand  
when he appeareth? for he is  
like a refiner's fire, and like full-  
er's soap: And he shall sit as a  
refiner and purifier of silver: and  
he shall purify the sons of Levi,  
and purge them as gold and sil-  
ver, that they may offer unto the  
Lord an offering in righteous-  
ness. Then shall the offering of  
Judah and Jerusalem be pleasant  
unto the Lord, as in the days of  
old, and as in former years."—  
Malachi 3:2-4.

Quoting from Dr. Wilbur M.  
Smith's Peloubet's Select Notes,  
we are told of some of the priests'  
faults for which Malachi rebuked  
them:

"They brought to the altar for  
sacrifices animals that were torn,

became dissatisfied with them,  
they resorted to divorce, "which  
was directly contrary to the Mo-  
saic law." Jesus Christ Himself  
spoke against divorce.

Dr. Wilbur M. Smith's words:  
"There is even today, in our own  
country, the tragic situation of  
the lawlessness of our youth,  
again and again attributed by  
judges and authorities in social  
problems, to homes that have  
been broken by divorce."

"Then they that feared the  
Lord spake often one to another:  
and the Lord hearkened, and  
heard it, and a book of remem-  
brance was written before Him  
for them that feared the Lord,  
and that thought upon His name."  
—Malachi 3:16.

God calls us to be faithful to  
Him. If we are and we live ac-  
cording to His laws, we may ex-  
pect our reward, both on earth  
and in the world to come. Let us  
all, young and old, remember this  
and teach the classes in the Sun-  
day school to memorize and re-  
member the Memory Verse or  
Golden Text printed here.

### Better Stay in Japan, Bud!

DEAR ABBY: I am stationed in Japan. I am one of those Yankees who thought his buddies had rocks in their heads to marry Japanese girls. But now that I have fallen for one, I can understand why.

A Japanese girl makes a man feel like a man! She is trained to wait on a man. To dress him, undress him and wash his feet. And, yes, even to feed him if he desires it. Her only thought is to give comfort and satisfaction to her man.

Show me an American girl like that! They are all selfish, demanding and bossy. No, I don't want a brainless puppet for a wife. But if a woman wants to wear the pants, send her over here with a rifle and let her relieve me of my duties.

D.D.F. U.S. NAVY

DEAR D.D.F.: The only women in America who are "trained" to wash feet, dress, undress, and feed men, are employed in homes for the aged and in institutions for the physically handicapped and mentally ill. If you want this kind of service, stay where you can get it.

DEAR ABBY: My husband has his insurance policies made out with his mother and father as beneficiaries. We have been married eight years and have two children.

When I mentioned to him that I thought he should change the policies to make me the beneficiary, he said if anything happened to him his parents would give me the money. In your opinion is this enough protection for me?

WIFE

DEAR WIFE: I wouldn't take anything for granted. You, your husband and the insurance agent should sit down and talk this matter over frankly. A wife with 2 children is entitled to more security in the event of her husband's death than you appear to have.

DEAR ABBY: I have been going into this shoe store for quite a while, and I became interested in a salesman who works there. He seems interested in me, too. We always have a few laughs. He asked my girlfriend (be-

hind my back) how old I was. She lied for me and said I was 19. I am only 17. He looks about 21 or 22, but I am not sure.

How can I find out how old he is without asking him? How can I get him to ask me out?

**"SIX TRIPLE A"**

DEAR SIX: There are other statistics equally as vital as "age". One is marital status. First find out if he is married. ASK HIM. If he's single, ask your girlfriend to ask him (be-hind YOUR back) how old he is. If he's over 20, forget him. It's all right to have a few laughs when shopping for shoes, but don't put your foot in it.

Got a problem? Write to Abby, care of this paper. Enclose a stamped, self-addressed envelope.

### Mrs. Strawser Conducts Meet

Mrs. Allen Strawser, 228 Logan St., hosted the Past Chiefs Club of Pythian Sisters meeting Wednesday evening.

The president, Mrs. Allen Strawser, conducted the business meeting and Mrs. Ronald Nau was in charge of the program.

Four readings were given by Mrs. Loring Evans, "Encouragement"; Mrs. Merle Lape, "Which One Are You?"; Mrs. Edgar Carmean, "Cheerful Greeting"; and Mrs. Clarissa Talbut, "Friendship".

Games were played and the winner was Mrs. Leroy May. Mrs. Strawser served refreshments to 11 members present.

## 'Grandmother' Khrushchev Compared to U.S. Matrons

By DOROTHY ROE  
Associated Press Women's Editor

Well, now, let's compare grandmothers. The American public seems to be overcome with sentiment at the idea that Mrs. Nikita Khrushchev is a grandmother. Feature stories abound with such adjectives as kind, gentle, motherly and modest. All true, no doubt.

Mrs. Khrushchev's official hostess on her current American tour, Mrs. Henry Cabot Lodge, is also a grandmother. The two women provide a dramatic study in contrasts.

The youthful-looking, beautifully groomed Emily Sears Lodge is typical of the ageless and active American woman, who is careful of her appearance as a matter of course, who doesn't consider it a sin to use lipstick or wear high heels, and who takes advantage of modern aids to youth and beauty.

Another striking contrast is Mrs. Khrushchev's White House hostess, Mamie Eisenhower is a grandmother, too. Her age is

probably about the same as that of the Soviet Union's first lady. Yet she looks a good 20 years younger, thanks to smart clothes, careful grooming, care of her figure and her own evident est for life.

One ardent crusader for youth at any age speaks her mind on this subject. Says Lilly Dache, the volatile French-born designer:

"I think Mrs. Khrushchev's obvious inattention to fashion, hair-styling and makeup is a form of propaganda. Perhaps she wants to give the impression that she does not care about such things. Surely there could be no other good reason for presenting such a picture to the world."

## Duke To Help OSU Open Grid Season

COLUMBUS, Ohio (AP)—A couple of unknown quantities tangle here Saturday as Duke meets Ohio State in an intersectional grid game.

The Blue Devils unlatched the season a week ago with a 12-7 loss to South Carolina, but this is the lifter for the green Bucks.

The "three yards and a cloud of dust" style of offense is due for a workout on both sides unless Ohio coach Woody Hayes lives up to his tongue-in-cheek promise that "we'll pass a little more this year."

That wouldn't have to be much, however, since the Bucks threw only 63 times in nine games last fall, completing 27 for 504 yards and two touchdowns. Duke, in 10 games, completed 73 of 150 for 859 yards and five scores.

But with an all-new backfield, a "lonesome George" flanker and the halfbacks doing the tossing instead of the quarterback, the Blue Devils took to the air only seven times against South Carolina and completed only two.

Thus the ground attack appears to be the best bet for both, and the edge should go to the ground-eating Bucks despite spots of inexperience all through the lineup. Big Bob White, the mauling fullback, will be on the sideline at the state due to recent injuries. Mike Ingram, the fireplug sophomore from Bellaire, a 219-pound 5-9 chunk, will get the starting call.

Hayes is still undecided on his right halfback choice, but junior Tom Matte of Cleveland or junior Jim Herbst of Reading will get the call. Bob Ferguson, 217-pound sophomore from Troy, will be at left halfback, and junior Jerry Fields of Coal Grove will call the plays.

## SPORTS BRIEFS

CLEVELAND (AP) — Another National Football League season opens Saturday night for the Cleveland Browns in Pittsburgh where they open their 1959 exhibition opener, 8-20.

SAN FRANCISCO (AP) — A bunched field of golfers — 24 of them under par in their first round — closely chased co-leaders Jack Fleck and Mason Rudolph today in the second round of the Golden Gate Championships.

Fleck and Rudolph with 67s held just a one-stroke advantage after the opening round of this \$40,000 tournament Thursday.

MILWAUKEE, Wis. (AP)—Milwaukee plays its last three games at home against the cellar-dwelling Phillies. Injured Johnny Logan is ready to reclaim his shortstop job. Billy Bruton may be able to play. Lew Burdette, Warren Spain and Bob Buhl, the big three of the staff, are due in the order. Los Angeles, tied with the Braves for the National League lead, must finish on the road.

For these reasons the Braves are 5 to 8 favorites to win their third straight pennant.

DELAWARE, Ohio (AP)—Cracking another world's record here Thursday was Muncy Hanover who won the Ohio Standard-bred Futurity in 2:01 1-5 and 2:00 4-5.

## Brunner's First In Classic Loop

The Brunner Jeweler bowling team maintained its first place standing in the local Classic League by a narrow 16-15 point advantage over Ward's Market. Each team has won 11 and lost five.

High team for a three-game series this week was General Electric which knocked over pins for a 940-922-928-2,790.

High individual three-game series was turned in by R. Buskirk with a 203-188-177-568. High individual game was posted by Jim Kern of Ward's Market, a 215.

Ward's rolled a high team single game with a 967.

## CHS Force Braces For Rosary Test

The Tiger footballers of Circleville will open their home season tonight when a strong Columbus Rosary crew invades the local gridiron. Kickoff time is set for 8 p. m.

The Tigers will encounter a fast and rugged team loaded with veterans who have an undefeated season behind them. Last year, Rosary swept all opposition, including Circleville, 6-0.

Circleville, already hurting in the way of depth and experience, also will face the old injury nemesis. Fullback Larry Hannahs and Guard and Co-Captain Harold Arledge are on the doubtful list, Hannahs with an ankle injury and Arledge with a mild shoulder separation.

Both may be sidelined tonight or see only limited action. The two seniors are the only regulars from last year's squad.

SOPHOMORE, Pat Rooney, counted on as a regular center this season, definitely is out with a knee injury suffered in the Lancaster Preview.

On the brighter side, the Tigers will rely on their good physical condition and determination to win the first home game of the season. The schedule opened last week with an 18-6 loss at Athens.

Coach Carl Benhase and his staff, aware of Rosary's rugged grid machine, said the Tigers will have to be ready and willing to play inspired football to meet tonight's challenge.

The Columbus team downed Gahanna, 22-0, last week. CHS scouts said the Rosary eleven performed with plenty of talent and football know-how.

Coach Benhase hinted that Rosary may have some weaknesses and indicated that he and his Tigers will go all out to find out what they are. He stressed that headsup football by the locals could be a big factor in deflating the visitors.

Starting or seeing heavy duty tonight will be Jake Bailey, Rich Warner, Leo Moats and Alex Cook at ends. Cook probably will get the call at fullback if Hannahs is not ready.

THE TACKLE jobs will fall on Dave Huffer, player of the week in the Athens game, and Dan Leonhardt. John Williams will back them up.

Arledge will be doubtful at guard, but Dave Hicks, Irving Ellis and Dan Moffitt should be ready for duty. The center post will be in the capable hands of Linden (Hoot) Gibson, a converted tackle. He will be backed up by Steve Helwagen.

In the backfield it will be Co-Captain Dave Smith at quarter and either Hannahs or Cook at fullback. Archie Ward will be at right half and Gary Vandemark at left half.

Added attractions tonight will be a 7 p. m. performance by Coach Paul Sarchet's Junior High Flag footballers and an always enjoyable exhibition at halftime by the CHS Marching Band.

## Ashville Meets Piketon; Both Look for First Win

The Ashville Broncos will be looking for their initial win of the early 1959 season when they face a relatively inexperienced Piketon squad at 8 p. m. today on the Pickaway County Fairgrounds' field.

Although Ashville dropped a 26-14 opening game to rugged Berne Union, the Pike County team underwent an even worse opening game inductation at the hands of Portsmouth West, 51-6.

The Piketon youths will attempt to riddle Ashville's basic 5-4-2 defense with a single-wing offense behind an unbalanced line.

Their favorite play is handing the ball to their wingback who will run or pass from behind the tackles. Piketon has seven seniors on its squad.

THIS IS PIKETON'S third year in eleven-man football, the same number of years as Ashville. Last year, Piketon had a 2-5 season, suffering a 14-0 loss at the hands of the Broncos.

Coach Russell Gregg announced today that Ken Cummins and Will Clemmons were moved up to first team, both offensively and defensively at left guard and right end respectively.

Cummins moves past Chuck McNeal and Clemmons takes over for Jim Franks at right end. Dick Nogle has mended his injury and will start at fullback on offense, replacing Dan Hollenback, who will be used solely on defense.

Coach Gregg said his team looked much better this week and has been concentrating on stopping Piketon's power plays over tackle.

Last week the Bronco linemen were blocking and tackling too

high, but Gregg says a week of practicing with the use of a knee high rope has checked this mistake.

Jimmy Gregg will start at offensive quarterback and Bill Cromley will be used as defensive safety man. Gregg looked good last week against Berne Union, driving the Broncos to their second touchdown.

THE ASHVILLE marching band will make another appearance at the Ashville-Piketon football game. The group will present the half-time show, "Around the World in 80 Days."

The band will take an imaginary tour to England, Ireland, Germany, France, Africa, Mexico and back again to the U.S.A.

Football enthusiasts will see the Can-can, Irish folk dance and a bull fight performed. Pre-game ceremonies and flag raising will also be conducted by the band.

Saturday the Ashville marching band will participate in the Jackson Apple Festival celebration at Jackson.

THE BAND will also be one of the many units in the evening parade commencing at 8 p. m. Saturday.

The group will leave Ashville at 4 p. m. tomorrow in order that the students may enjoy the sights before performing; and shall arrive back at Ashville at approximately 10:30 p. m.

Jim Bailey, brother of Cincinnati's catcher Ed Bailey, was called up from Nashville after he won 10 of his last 12 decisions. He is a 6-foot-2 southpaw pitcher.

## Kittens Drop 20-14 Contest

### 2 Late Scores Fail To Halt Grove City

Two touchdowns in the final quarter came a little too late as Circleville's reserve footballers dropped a 20-14 test to visiting Grove City reservists last night.

Gary Cook, fullback for the Kittens, gave the locals a spark of life as he raced 56 yards for one touchdown, then earned a few minutes later with a 14-yard slant to paydirt.

Grove City tallied six points in the second quarter, eight in the third and six in the fourth before the Kittens could find their bearings to the end zone.

The late surge was not in time, but it did give the locals new life and encouragement. The same Grove City reserve team, all veterans of junior high football, scored several touchdowns against the Kittens in an earlier practice game.

GROVE CITY's Dick Hill scored the first TD of the game, coming on a sneak. The second quarter was scoreless, but GC moved into position by intercepting a Kitten pass. Hill smashed over for the touchdown and Jerry Wetzel ran for the two extra points.

A Kitten fumble set up the third Grove City TD. Don Johnson went over for the tally to make the score read Grove City 20, Circleville 0.

With time running out in the fourth quarter, Cook took off around right end, tight-rope'd the sideline and went in standing up.

The second Kitten score came after the locals recovered an enemy fumble on the Grove City 21. They moved the ball to the 14 and then Cook made his dash across the goal line. Quarterback Bob Waple sneaked for the two extra points.

Kitten Coaches John Current and Jim Lint said they were pleased with their team's improvement over the early season. They also noted the hardrunning and defensive work of Cook and Left Half Harold Dade, along with some solid tackling on the Kitten line.

The local Junior High Flag football program made its debut at halftime. Coach Paul Sarchet's Red and Black squads played for 10 minutes, but neither team was able to score.

The flag ball was well-received by fans who enjoyed the ball-handling and precise movements displayed by the young gridders.

## Sudden Illness Fells 12 Sooners

CHICAGO (AP) — Oklahoma's hopes for a victory in its first encounter with a Big Ten football team were dealt a severe blow when 12 Sooners became violently ill at a Chicago night club Thursday night.

Whether the 12, five of them members of the first team, would be available for Saturday's nationally televised game with powerful Northwestern was not immediately known, physicians said.

## Adios Butler Grabs Glory In Taking Little Brown Jug

DELAWARE, Ohio (AP)—Adios Butler, with a habit of winning the big ones, did it again in the 14th annual \$76,582 Little Brown Jug for three-year-old pacers.

The bay son of Adios - Debby Hanover, handled expertly by Canadian Clint Hodgins, grabbed the glory in straight heats Thursday over the Delaware County Fairgrounds half-mile track—and set a couple of records along the way.

Except for a short jaunt to the quarter-mile spot in the deciding heat of the two-division scrap, he made every post a winning one. He toured the first mile in 1:59 2-5 to set a new track, Jug and world record for a three-year-old sidewheeler over a twice-around oval.

The old Jug mark was a flat two minutes set by Tar Heel in 1951, and it also was the world standard. The track record was 1:59 3-5 set by Sampson Hanover in 1951. Adios Butler, in picking up \$28,335.34 for his 4:00 1-5 minutes of fancy stepping, zoomed his 1959 bankroll to \$150,033.34—far over the three-year-old record of \$124,583 set a year ago by O'Brien Hanover.

Meadow Al, driven by Joe O'Brien of California, finished second for \$16,082.

Paige West, 26-year-old trainer from Snow Hill, Md., is co-owner of the winner, along with Angelo Pellillo of Scarsdale, N. Y.

Meadow Al, the winter book favorite, took the first heat of the divided field in 2:00 2-5, roaring from eighth place at the three-quarter mark to nip Culver Pick by a head. Dares Direct was third after leading into the stretch.

In his first heat, Hodgins moved Adios Butler to the front within 50 feet of the starting post and stayed there to win by four lengths over Ohio Time, driven by two-time Jug winner Curly Smart. His whipping finish gave him a length edge over Meadow Al in the finale.

The two Jug heats were only the eighth and ninth this year for Adios Butler, but he's won seven and finished second twice. In his and the Messenger Stake — the first two legs on the triple crown he wrapped up with the Jug.

Adios Butler, x-1-1, \$28,335.34; Meadow Al, 1-x-2, \$16,082.22; Culver Pick, 2-x-3, \$9,189.84; Ohio Time, x-2-5, \$6,890.38; Dares Direct, 3-x-4, \$5,743.65; Stormy Dream, x-3-9, \$3,446.19; King Nola, 4-x-6, \$2,297.46; Mainsail, x-4-7, \$2,297.46; Newport Storm, 5-x-8, \$1,146.73; Game Pick, x-5-10, \$1,146.73.

The opening game pits Walnut against Salt Creek. Darby faces Pickaway at 7:45 p. m. and the evening of football will be climaxed with the Stoutsville-Scioto contest.

The Tigers of Walnut, with their basic up - the - middle running attack, must halt the passing of Salt Creek's Keith Turvey and end runs of George Clifton.

The Warriors pose as a definite darkhorse in their second year in the league. The Tigers will rely on the powerful running of Clarence Gray and the passing of Tom Harber.

THE DARBY Trojans, defending champions, will throw a Tommy Walters' passing attack with the Vance brothers and Tommy Liff on the receiving.

Darby meets an inexperienced Pickaway aggregation led by the Dean brothers and Joe Goeller. The Pirates showed a surprisingly stubborn defense at both their opponents last Saturday in the Six-Man Preview.

The league favorites, Stoutsville, face Scioto in the final game of the evening. The Indians have All-County Richard Bussert to lead the way to victory.

Jimmy Anderson will also be a passing threat and Benny Griffith will alternate running with Bussert. Scioto's Roy Sanders is a capable halfback along with Larry Hancock and Dick Kaiser.

## Redlegs Bench Frank Robinson

CINCINNATI (AP) — The Cincinnati Reds will have to close out the disappointing 1959 season without the services of one of their biggest offensive weapons—Frank Robinson.

Red officials decided Thursday to hold Robinson out of the remaining two games of the season against Pittsburgh here Saturday and Sunday because of an injured knee. Robinson was hurt Sept. 14 and has been in and out of the lineup since then.

The management decided it was better not to risk a possible more serious injury, particularly since the Reds can't possibly do any better than finish fifth.

## Duke To Help OSU Open Grid Season

COLUMBUS, Ohio (AP)—A couple of unknown quantities tangle here Saturday as Duke meets Ohio State in an intersectional grid game.

The Blue Devils unlatched the season a week ago with a 12-7 loss to South Carolina, but this is the lid-lifter for the green Bucks.

The "three yards and a cloud of dust" style of offense is due for a workout on both sides unless Ohio coach Woody Hayes lives up to his tongue-in-cheek promise that "we'll pass a little more this year."

That wouldn't have to be much, however, since the Bucks threw only 63 times in nine games last fall, completing 27 for 504 yards and two touchdowns. Duke, in 10 games, completed 73 of 150 for 839 yards and five scores.

But with an all-new backfield, a "lonesome George" flanker and the halfbacks doing the tossing instead of the quarterback, the Blue Devils took to the air only seven times against South Carolina and completed only two.

Thus the ground attack appears to be the best bet for both, and the edge should go to the ground-eating Bucks despite spots of inexperience all through the lineup.

Big Bob White, the mauling fullback, will be on the sideline at the state due to recent injuries. Mike Ingram, the fireplug sophomore from Bellaire, a 219-pound 5-9 chunk, will get the starting call.

Hayes is still undecided on his right halfback choice, but junior Tom Matte of Cleveland and junior Jim Herbstreit of Reading will get the call. Bob Ferguson, 217-pound sophomore from Troy, will be at left halfback, and junior Jerry Fields of Coal Grove will call the plays.

## SPORTS BRIEFS

CLEVELAND (AP) — Another National Football League season opens Saturday night for the Cleveland Browns in Pittsburgh where they lost their 1959 exhibition opener, 34-20.

SAN FRANCISCO (AP) — A bunched field of golfers — 24 of them under par in their first round — closely chased co-leaders Jack Fleck and Mason Rudolph today in the second round of the Golden Gate Championships.

Fleck and Rudolph with 67 held just a one-stroke advantage after the opening round of this \$40,000 tournament Thursday.

MILWAUKEE, Wis. (AP)—Milwaukee plays its last three games at home against the cellar-dwelling Phillies. Injured Johnny Logan is ready to reclaim his shortstop job. Billy Bruton may be able to play. Lew Burdette, Warren Spahn and Bob Buhl, the big three of the staff, are due in the order. Los Angeles, tied with the Braves for the National League lead, must finish on the road.

For these reasons the Braves are 5 to 8 favorites to win their third straight pennant.

DELAWARE, Ohio (AP)—Cracking another world's record here Thursday was Muncy Hanover who won the Ohio Standard-bred Futurity in 2:01 1-5 and 2:00 4-5.

## Brunner's First In Classic Loop

The Brunner Jeweler bowling team maintained its first place standing in the local Classic League by a narrow 16-15 point advantage over Ward's Market. Each team has won 11 and lost five.

High team for a three-game series this week was General Electric which knocked over pins for a 940-922-928-2,790.

High individual three-game series was turned in by R. Buskirk with a 203-188-177-568. High individual game was posted by Jim Kern of Ward's Market, a 215.

Ward's rolled a high team single game with a 967.

In the backfield it will be Co-Captain Dave Smith at quarter and either Hannahs or Cook at fullback. Archie Ward will be at right half and Gary Vandemark at left half.

Added attractions tonight will be a 7 p. m. performance by Coach Paul Sarchet's Junior High Flag footballers and an always enjoyable exhibition at halftime by the CHS Marching Band.

## Ashville Meets Piketon; Both Look for First Win

The Ashville Broncos will be looking for their initial win of the early 1959 season when they face a relatively inexperienced Piketon squad at 8 p. m. today on the Pickaway County Fairgrounds' field.

Although Ashville dropped a 26-14 opening game to rugged Berne Union, the Pike County team underwent an even worse opening game indoctrination at the hands of Portsmouth West, 51-6.

## Kittens Drop 20-14 Contest

### 2 Late Scores Fail To Halt Grove City

Two touchdowns in the final quarter came a little too late as Circleville's reserve footballers dropped a 20-14 test to visiting Grove City reservists last night.

Gary Cook, fullback for the Kittens, gave the locals a spark of life as he raced 56 yards for one touchdown, then repeated a few minutes later with a 14-yard slant to paydirt.

Grove City tallied six points in the second quarter, eight in the third and six in the fourth before the Kittens could find their bearings to the end zone.

The late surge was not in time, but it did give the locals new life and encouragement. The same Grove City reserve team, all veterans of junior high football, scored several touchdowns against the Kittens in an earlier practice game.

GROVE CITY's Dick Hill scored the first TD of the game, coming on a sneak. The second quarter was scoreless, but GC moved into position by intercepting a Kitten pass. Hill smashed over for the touchdown and Jerry Wetzel ran for the two extra points.

A Kitten fumble set up the third Grove City TD. Don Johnson went over for the tally to make the score read Grove City 20, Circleville 0.

With time running out in the fourth quarter, Cook took off around right end, tight-roped the sideline and went in standing up.

The second Kitten score came after the locals recovered an enemy fumble on the Grove City 21. They moved the ball to the 14 and then Cook made his dash across the goal line. Quarterback Bob Waple sneaked for the two extra points.

Kitten Coaches John Current and Jim Lint said they were pleased with their team's improvement over the early season. They also noted the hardrunning and defensive work of Cook and Left Half Garold Dade, along with some solid tackling on the Kitten line.

The local Junior High Flag football program made its debut at halftime. Coach Paul Sarchet's Red and Black squads played for 10 minutes, but neither team was able to score.

The flag ball was well-received by fans who enjoyed the ball-handling and precise movements displayed by the young gridders.

Adios Butler, in picking up \$28,335.34 for his 4:00 1-5 minutes of fancy stepping, zoomed his 1959 bankroll to \$150,033.34—far over the three-year-old record

## 6-Man Grid Loop Opens Tomorrow

The Pickaway County Six-Man Football League opens its regular season at 6:30 p. m. tomorrow on the County Fairgrounds' field.

The opening game pits Walnut against Saltcreek. Darby faces Pickaway at 7:45 p. m. and the evening of football will be climaxed with the Stoutsville-Scioto contest.

The Tigers of Walnut, with their basic up - the - middle running attack, must halt the passing of Saltcreek's Keith Turvey and end runs of George Clifton.

The Warriors pose as a definite darkhorse in their second year in the league. The Tigers will rely on the powerful running of Clarence Gray and the passing of Tom Harber.

THE DARBY Trojans, defending champions, will throw a Tommy Walters' passing attack with the Vance brothers and Tommy Liff on the receiving.

Darby meets an inexperienced Pickaway aggregation led by the Dean brothers and Joe Goeller. The Pirates showed a surprisingly stubborn defense at both their opponents last Saturday in the Six-Man Preview.

The league favorites, Stoutsville, face Scioto in the final game of the evening. The Indians have All-County Richard Bussert to lead the way to victory.

Jimmy Anderson will also be a passing threat and Benny Griffith will alternate running with Bussert. Scioto's Roy Sanders is a capable halfback along with Larry Hancock and Dick Kaiser.

of \$124,583 set a year ago by O'Brien Hanover.

Meadow Al, driven by Joe O'Brien of California, finished second for \$18,082.

Paige West, 26-year-old trainer from Snow Hill, Md., is co-owner of the winner, along with Angelo Pellillio of Scarsdale, N. Y.

Meadow Al, the winter book favorite, took the first heat of the divided field in 2:00 2-5, roaring from eighth place at the three-quarter mark to nip Culver Pick by a head. Dares Direct was third after leading into the stretch.

In his first heat, Hodgins moved Adios Butler to the front within 50 feet of the starting post and stayed there to win by four lengths over Ohio Time, driven by two-time Jug winner Curly Smart. His whipping finish gave him a length edge over Meadow Al in the finale.

The two Jug heats were only the eighth and ninth this year for Adios Butler, but he's won seven and finished second twice. In his and the Messenger Stake — the first two legs on the triple crown he wrapped up with the Jug.

Adios Butler was a prohibitive 1-5 favorite in each of his heats, and some 35,000 fans crowded the fairgrounds for the classic.

The money winners, and how they finished:

Adios Butler, x-1-1, \$28,335.34; Meadow Al, 1-x-2, \$16,082.22; Culver Pick, 2-x-3, \$9,189.84; Ohio Time, x-2-5, \$6,890.38; Dares Direct, 3-x-4, \$5,743.65; Stormy Dream, x-3-9, \$3,446.19; King Nola, 4-x-6, \$2,297.46; Mainsail, x-4-7, \$2,297.46; Newport Storm, 5-x-8, \$1,146.73; Game Pick, x-5-10, \$1,146.73.

An interesting golf match is slated Sunday at Rickaway Country Club, pitting both men's and women's champions on opposite sides.

Men's champion George Fuhrman will team with women's runner-up Mary Carpenter against women's champion Marjane Linde and men's runner-up Bob McFadden.

The match is scheduled for 1 p. m.

## Redlegs Bench Frank Robinson

CINCINNATI (AP) — The Cincinnati Reds will have to close out the disappointing 1959 season without the services of one of their biggest offensive weapons—Frank Robinson.

Red officials decided Thursday to hold Robinson out of the remaining two games of the season against Pittsburgh here Saturday and Sunday because of an injured knee. Robinson was hurt Sept. 14 and has been in and out of the lineup since then.

The management decided it was better not to risk a possible more serious injury, particularly since the Reds can't possibly do any better than finish fifth.

# Last Big Weekend Of Play Facing Leaders in NL

**By THE ASSOCIATED PRESS**  
It's Don Drysdale, working in a jinx park, for Los Angeles and Lew Burdette, facing a club he hasn't been able to beat since May, for Milwaukee as the National League pennant race barrels into the final weekend looking like it'll never end.

Drysdale faces the Chicago Cubs at Wrigley Field today for the Dodgers, deadlocked with Milwaukee for first place with three to play.

The Braves, playing a night game, will have either a psychological lift or a grim reminder — depending on the Dodger result on the scoreboard — when they go against last place Philadelphia at Milwaukee.

The race could end in a tie between the Braves and the Dodgers. They then would meet in a best-of-three playoff, opening at which one will meet Chicago's American League champion White Sox in the World Series.

The San Francisco Giants could make it a three-way tie for first. Going into their final three games at St. Louis tonight, the Giants are hobbling with a five-game losing string, their longest of the season. To gain a tie, the Giants will have to sweep the Cardinals and pray the Dodgers and Braves each lose twice.

Chicago's Cubs, who crashed the Giants' hopes with a two-game sweep, could be just as chilling for the Dodgers. Only the Cubs (10-9) and Cincinnati (13-9) have an edge over Los Angeles for the season.

Drysdale (17-13) has only a 2-3 season record against the fifth place Cubs. And he's managed to win just one of five decisions at Wrigley Field in his four-year career.

The Cubs will start Glen Hobbie (16-13), their biggest winner since Bob Rush won 17 in 1952. The young right-hander is 0-2 against the Dodgers.

The Dodgers, with slugging first baseman Gil Hodges apparently none the wiser after taking a pitch on his left forearm at St. Louis Wednesday, figure on southpaw Johnny Podres Saturday and Roger Craig Sunday.

Milwaukee, knocked off a four-game streak Wednesday at Pittsburgh, has a well-rested Burdette ready for the Phils. Burdette (21-14) hasn't worked since Sunday — when he missed the decision in an 8-5 victory at Philadelphia. The rugged right-hander has won three in a row since he dropped an 11-5 game to the Phils September 2.

He's lost three straight to the Phils since May 22 and stands 3-3 against 'em for the year.

The Braves, a 5-8 pick to win the flag (you have to bet \$8 on them to win \$5), probably profited the most from the day off each of the contenders had Thursday. The extra day of rest may have lifted center fielder Billy Bruton (twisted ankle) and shortstop Johnny Logan (infected toe) back into the line-up for tonight's game against Don Cardwell (9-10, 2-2 vs Milwaukee).

The Giants go with Sam Jones (20-15), who has lost three in a row, against the Cardinals' Vinegar Bend Mizell (13-9). The odds are 30-1 that San Francisco won't make it.

In the AL, Chicago Manager Al Lopez will be scouting the Dodgers while his White Sox run out the string at Detroit. The Tigers are struggling with New York for third place.

## Giants Grasping At Slim Straw

ST. LOUIS (AP) —The San Francisco Giants, their hopes for the National League pennant dwindling, open a three-game series with the St. Louis Cardinals tonight.

So far the Giants, in third place two games behind Milwaukee and Los Angeles with three to go, have won 15 of 19 from the Redbirds.

To stay alive, they must win the next three while both the Braves and Dodgers lose two of their remaining three.

"As long as there's a slim straw in the wind, we'll clutch at it," says Manager Bill Rigney.

"The boys will give it all they have all three games here," he said. "There's second place money to consider, too, you know."

## Taxpayer Responsibility To State Is Cited

BOWLING GREEN, Ohio (AP) — Gov. Michael V. DiSalle reminded taxpayers Thursday that they are Ohio's only source of funds to run state operations. He was refuting what he called a general charge that "Ohio is nothing but a gigantic tax collecting agency."

DiSalle spoke at Governor's Day of Friendship Week sponsored by the Chamber of Commerce here.

The Yankees, playing Baltimore, need just one more victory to nail it — their lowest finish since 1945.

Cleveland's Cal McLish shoots for his 20th victory in the second game of a two-night pair with Kansas City. Washington is at Boston with the Senators' Bob Allison needing one home run to tie the AL rookie record of 31 set in 1939 by Ted Williams.

137 Acre Fayette County Farm  
15 Acre Orchard & Personal Property

Tuesday, September 29, 1959  
Beginning at 12:30 P.M.

Lunch Served  
LOCATED — Four and one-half miles North of Washington C. H. on Prairie Road. (Follow arrows off State Route 70).

137 ACRE FARM & COMPLETE SET OF MODERN FARM BUILDINGS SELL AT 2:00 P.M.

This excellent 137-acre Fayette County farm is exceptionally well located in the heart of Ohio's best agricultural community. Fayette County is recognized as having some of the best farmland in the state. This farm is improved with a complete set of attractive and substantial farm buildings including a 9-room modern two-story frame home. Home consists of 5 rooms and modern bath on first floor and four nice-sized bedrooms with closets on second floor. Other features include large "L"-shaped front porch, enclosed rear porch and up-ground cellar. This home is situated an ideal distance from highway and is surrounded with beautiful shaded lawn and abundance of shrubs.

Other farm buildings include two frame barns, one 20x30' with 9 stanchions, attached cattle feeding shed with 48x50' cement feeding floor; and frame barn 30x30' with abundance of overhead mow storage. Masonry fruit sorting and packing building 40x20' with cement floor; double corn crib, 1600 bu. capacity; 15x8' masonry cider press building, metal corn crib, like new; 20x24' workshop and machinery storage building; 40x30' combination machinery storage and garage. In addition there are several smaller utility buildings — all buildings are in first-class condition and the majority have metal roofs, cement floors, electricity and water under pressure.

This is a wonderful opportunity to buy an excellent blackland corn and hog farm in addition to a high-producing 15 acre orchard. This farm is in a high state of cultivation having 115 acres tillable, the balance is in the orchard, blue grass and 8-acre woods. The land lies level and consists of exceptionally fertile black soil. The crop-ground is well drained and the fences are above average. An abundant supply of water is supplied from 5 wells.

NOTE: Selling as part of the farm is the current apple crop, approximate value \$10,000, consisting of 600 trees of the popular varieties. All trees are in prime of production and will be ready to harvest at the time of the sale. In addition there are 60 Musselman plum trees producing excellent quality fruit. These trees have been carefully trimmed, sprayed, and will provide an immediate cash crop for the purchaser.

This farm is located on a blacktop road with all rural deliveries only 4 1/2 miles from Washington C. H. If you are looking for an exceptional farm value with an excellent potential with diversified income, this farm should merit your inspection.

Sale on the premises. Sells to the highest bidder.

INSPECTION — FINANCING — Inspection is permitted any time prior to day of sale by contacting Darbyshire & Associates, Inc., Wilmington, Ohio, phone FU 2-2292, or Richard W. Babb, Salesman, evenings FU 2-3272. Attractive long-term financing available.

TERMS — \$5,000 cash day of sale. Balance upon delivery of deed on or before December 1, 1959. Purchaser will receive GOOD TITLE and IMMEDIATE POSSESSION.

PERSONAL PROPERTY — Beginning at 12:30 P.M.

FARM MACHINERY: Allis Chalmers "B" tractor with mower; breaking plow, cultivators; disc; corn planter, horse cultivators; two-wheel trailer; seed cleaner; corn sheller; corn slicer; chain saw; extension ladders; iron kettle; lard press, sausage grinder; etc.

HORSES: Two good work horses complete with harness.

ORCHARD EQUIPMENT: Trescott apple grader, like new; Mt. Gilead hydraulic cider press; power cider press; hand cider press; Myers power sprayer; several orchard ladders; hundreds of baskets, jugs, and other miscellaneous orchard equipment.

HOUSEHOLD GOODS: Several antique pieces including walnut bedroom suite, cherry bedroom suite; several chairs; tables; bookcases; stoves; dishes; glassware; floral baskets; vases; books; linens; quilt; lamps; and many miscellaneous items.

# Last Big Weekend Of Play Facing Leaders in NL

By THE ASSOCIATED PRESS

It's Don Drysdale, working in a jinx park, for Los Angeles and Lew Burdette, facing a club he hasn't been able to beat since May, for Milwaukee as the National League pennant race barrels into the final weekend looking like it'll never end.

Drysdale faces the Chicago Cubs at Wrigley Field today for the Dodgers, deadlocked with Milwaukee for first place with three to play.

The Braves, playing a night game, will have either a psychological lift or a grim reminder — depending on the Dodger result on the scoreboard — when they go against last place Philadelphia at Milwaukee.

The race could end in a tie between the Braves and the Dodgers. They then would meet in a best-of-three playoff, opening at which one will meet Chicago's American League champion White Sox in the World Series.

The San Francisco Giants could make it a three-way tie for first. Going into their final three games at St. Louis tonight, the Giants are hobbling with a five-game losing string, their longest of the season. To gain a tie, the Giants will have to sweep the Cardinals and pray the Dodgers and Braves each lose twice.

Chicago's Cubs, who crashed the Giants' hopes with a two-game sweep, could be just as chilling for the Dodgers. Only the Cubs (10-9) and Cincinnati (13-9) have an edge over Los Angeles for the season.

Drysdale (17-13) has only a 2-3 season record against the fifth place Cubs. And he's managed to win just one of five decisions at Wrigley Field in his four-year career.

The Cubs will start Glen Hobbie (16-13), their biggest winner since Bob Rush won 17 in 1952. The young right-hander is 0-2 against the Dodgers.

The Dodgers, with slugging first baseman Gil Hodges apparently none the worse after taking a pitch on his left forearm at St. Louis Wednesday, figure on southpaw Johnny Podres Saturday and Roger Craig Sunday.

Milwaukee, knocked off a four-game streak Wednesday at Pittsburgh, has a well-rested Burdette ready for the Phils. Burdette (21-14) hasn't worked since Sunday — when he missed the decision in an 8-5 victory at Philadelphia. The rugged right-hander has won three in a row since he dropped an 11-5 game to the Phils September 2.

He's lost three straight to the Phils since May 22 and stands 3-3 against 'em for the year.

The Braves, a 5-8 pick to win the flag (you have to bet \$8 on them to win \$5), probably profited the most from the day off each of the contenders had Thursday. The extra day of rest may have lifted center fielder Billy Bruton (twisted ankle) and shortstop Johnny Logan (infected toe) back into the line-up for tonight's game against Don Cardwell (9-10, 2-2 vs Milwaukee).

The Giants go with Sam Jones (20-15), who has lost three in a row, against the Cardinals' Vinegar Bend Mizell (13-9). The odds are 30-1 that San Francisco won't make it.

In the AL, Chicago Manager Al Lopez will be scouting the Dodgers while his White Sox run out the string at Detroit. The Tigers are struggling with New York for third place.

## Giants Grasping At Slim Straw

ST. LOUIS (AP) —The San Francisco Giants, their hopes for the National League pennant dwindling, open a three-game series with the St. Louis Cardinals tonight.

So far the Giants, in third place two games behind Milwaukee and Los Angeles with three to go, have won 15 of 19 from the Redbirds.

To stay alive, they must win the next three while both the Braves and Dodgers lose two of their remaining three.

"As long as there's a slim straw in the wind, we'll clutch at it," says Manager Bill Rigney.

"The boys will give it all they have all three games here," he said. "There's second place money to consider, too, you know."

## Taxpayer Responsibility To State Is Cited

BOWLING GREEN, Ohio (AP)—Gov. Michael V. DiSalle reminded taxpayers Thursday that they are Ohio's only source of funds to run state operations. He was refuting what he called a general charge that "Ohio is nothing but a gigantic tax collecting agency." DiSalle spoke at Governor's Day of Friendship Week sponsored by the Chamber of Commerce here.

The Yankees, playing Baltimore, need just one more victory to nail it — their lowest finish since 1945.

Cleveland's Cal McLish shoots for his 20th victory in the second game of a two-night pair with Kansas City. Washington is at Boston with the Senators' Bob Allison needing one home run to tie the AL rookie record of 31 set in 1939 by Ted Williams.

In addition there are several smaller utility buildings. All buildings are in first-class condition and the majority have metal roofs, cement floors, electricity and water under pressure.

This is a wonderful opportunity to buy an excellent blackland corn and hog farm in addition to a high-producing 15 acre orchard. This farm is in a high state of cultivation having 115 acres tillable, the balance is in the orchard, blue grass and 8-acre woods. The land lies level and consists of exceptionally fertile black soil. The crop-ground is well drained and the fences are above average. An abundant supply of water is supplied from 5 wells.

**NOTE:** Selling as part of the farm is the current apple crop, approximate value \$10,000, consisting of 600 trees of the popular varieties. All trees are in prime of production and will be ready to harvest at the time of the sale. In addition there are 60 Muselman plum trees producing excellent quality fruit. These trees have been carefully trimmed, sprayed, and will provide an immediate cash crop for the purchaser.

This farm is located on a blacktop road with all rural deliveries only 4 1/2 miles from Washington C. H. If you are looking for an exceptional farm value with an excellent potential with diversified income, this farm should merit your inspection.

## Foreign Goods Irk American Businessmen

West Europe, Japan Imports Rising as U.S. Exports Decline

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—Increasing competition from foreign industries—notably those in Western Europe and Japan—continues today to fret American businessmen.

They see our gold supply dropping—with signs that the status of the dollar is being weakened in the world's eyes.

They see our exports dropping and our imports rising.

They see American companies building plants abroad to sell not only in their host countries where quotas and tariffs may keep American goods out, but also in some cases to sell in the United States itself at lower prices than the American firms can make their goods here.

They see some of our traditional markets abroad shrinking as foreign traders take over. The cry is raised that American goods are pricing themselves out of the market, and that rising production costs here are to blame.

And they see foreign goods increasingly challenging Americans right here at home.

For some American industries the situation already seems critical. For others it is regarded as a growing threat. Any sharp weakening of the U. S. dollar's international standing would hurt not only our pride but our pocket-books.

Against these fears, the official Washington view has been that there is no basic weakness in the U. S. dollar, that the decline in U. S. exports and the big drain of gold, especially last year, reflect not American weakness but the growing health and strength of the leading industrial nations.

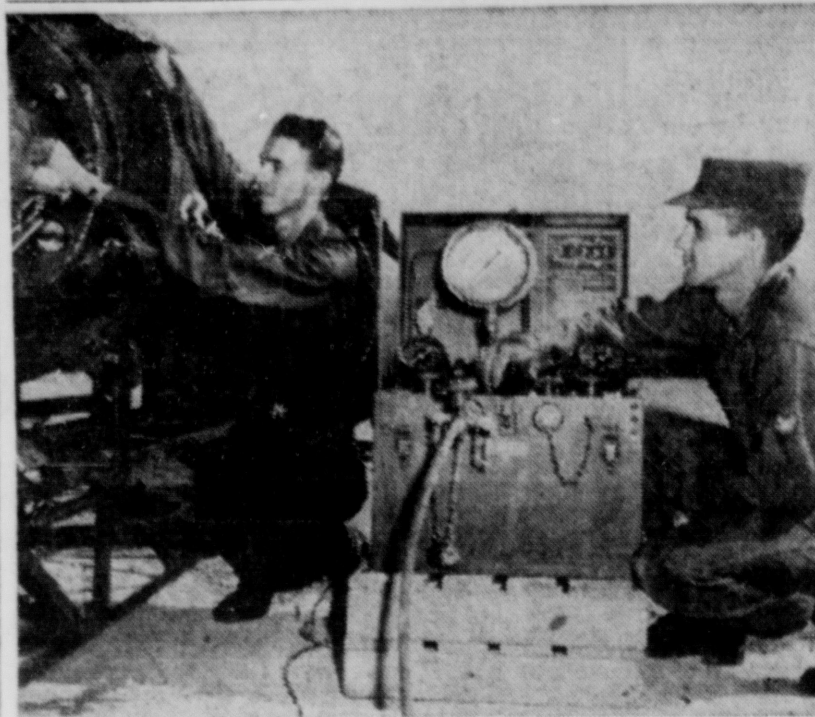

This is a policy deliberately followed by this country since the war in its system of grants and credits known as foreign aid, and in its drive for lower tariffs and other trade barriers.

The official view is endorsed—up at least until the present—by Dr. Marcus Nadler, consulting economist to the Hanover Bank, New York.

But he goes on to warn: "If U. S. gold reserves should continue to shrink and the gold and dollar reserves of foreign countries go on rising, a modification of our foreign aid program would become imperative."

And to this he adds: "Prices of certain types of U. S. manufactured goods—notably producers' goods and vehicles—have increased more rapidly than those of the principal competing countries. From 1953 to the third quarter of 1958, the wholesale price index of machinery and vehicles rose 7 per cent in Germany, 15 per cent in Great Britain, and 22 per cent in this country."

Northeastern New Guinea, an area of 69,700 square miles in the South Pacific, is Australian Trust Territory. It was formerly called Kaiser Wilhelm's Land.

## Atlanta Missileman Helps Fire Corporal in Training

PFC Harold H. Gerhardt, of Atlanta, and Specialist Four Emmitt W. Foster, of Cross Plains, Tex., are members of firing Battery, 2nd Missile Battalion, 80th Artillery.

This battalion successfully launched the Army's Corporal

missile during their annual service practice September 1-14 at the White Sands Missile Range in New Mexico.

The Corporal, a guided surface-to-surface missile with a range of about 75 miles, could not be fired at the unit's permanent location at Fort Sill, Okla., because of range limitations.

Foster (right) and Gerhardt perform a propulsion checkout of the missile during training at Fort Sill in preparation for the launch.

GERHARDT, 23, son of Mrs. Ethel M. Gerhardt, entered the Army in August 1958 and completed basic training at Fort Benning, Ga.

A 1955 graduate of Atlanta High School, he was employed by the National Cash Register Co., in Dayton, before entering the Army. His wife, Mary Lou, lives in Lawton, Okla.

## Conservation Field Trip

A Pickaway County field trip on conservation for all seventh graders has been set up for October 8 and 9.

Specialists will be on hand to discuss and demonstrate each of the following areas: wildlife, forestry, engineering practices for soil conservation, farm planning and educational conservation.

All of these areas are included in the unit on conservation in the seventh grade science course of study. It was urged that seventh grade teachers teach this unit now so that the field trip will be more meaningful to the students.

It was also suggested that this field trip be correlated with the English, reading and writing program.

The Soil Conservation Department, under the supervision of Donald Archer, wishes to present an award to the student of each school whose composition is the most outstanding.

## Federal Court Case Backlog Said 16 Years

WASHINGTON (AP)—Federal courts are so far behind in their work it would take them 16 years, the way things are going now, just to clean up the backlog, Chief Justice Earl Warren said today.

Such delays, he told the Federal Bar Assn. in a prepared address, are bad for everybody concerned and besides bring to "the entire organization of members of the federal judiciary and of lawyers who are or have been employed by the federal government."

The association is a national legal profession a loss of public confidence, respect and pride. "It is certain now that the federal judiciary will simply be unable to keep pace with the great forward strides in the economic and social growth of our country—with the acceleration and complexity of scientific progress—as long as it lacks an adequate number of judges, and as long as it lacks simplified procedures and substantially improved administration," Warren said.

The cases pending number more than 71,000, the chief justice added.

Earl W. Kintner, president of the association, announced plans for a research project on delays. He did not go into details, but said an ambitious program had been worked out which would need cooperation, as well as "money in considerable amounts" from foundations and others, if the job is to be done thoroughly.

## City School Bond Indebtedness Dips

COLUMBUS, Ohio (AP)—Bond indebtedness in Ohio's city school districts dropped this year for the first time in five years.

A report issued by the Bureau of Educational Research and Services at Ohio State University showed the city districts averaged \$480 per pupil—\$13 less than in 1958.

Current indebtedness ranges from zero in the St. Bernard (Hamilton County) District to \$1,951 per resident pupil at Bedford (Cuyahoga County).

Tax rates averaged 19.81 mills in Ohio's 139 city districts. Bond indebtedness in Ohio's 77 exempted districts was up \$2 this year over 1958 at \$523.

Wadsworth (Medina County) reported the greatest enrollment increase in city districts, jumping 83 per cent in the past five years. The bureau's report did not cover local districts in county

## Foreign Goods Irk American Businessmen

West Europe, Japan  
Imports Rising as  
U.S. Exports Decline

By SAM DAWSON

AP Business News Analyst  
NEW YORK (AP)—Increasing competition from foreign industries—notably those in Western Europe and Japan—continues today to fret American businessmen.

They see our gold supply dropping—with signs that the status of the dollar is being weakened in the world's eyes.

They see our exports dropping and our imports rising.

They see American companies building plants abroad to sell not only in their host countries where quotas and tariffs may keep American goods out, but also in some cases to sell in the United States itself at lower prices than the American firms can make their goods here.

They see some of our traditional markets abroad shrinking as foreign traders take over. The cry is raised that American goods are pricing themselves out of the market, and that rising production costs here are to blame.

And they see foreign goods increasingly challenging Americans right here at home.

For some American industries the situation already seems critical. For others it is regarded as a growing threat. Any sharp weakening of the U. S. dollar's international standing would hurt not only our pride but our pocket-books.

Against these fears, the official Washington view has been that there is no basic weakness in the U. S. dollar, that the decline in U. S. exports and the big drain of gold, especially last year, reflect not American weakness but the growing health and strength of the leading industrial nations.

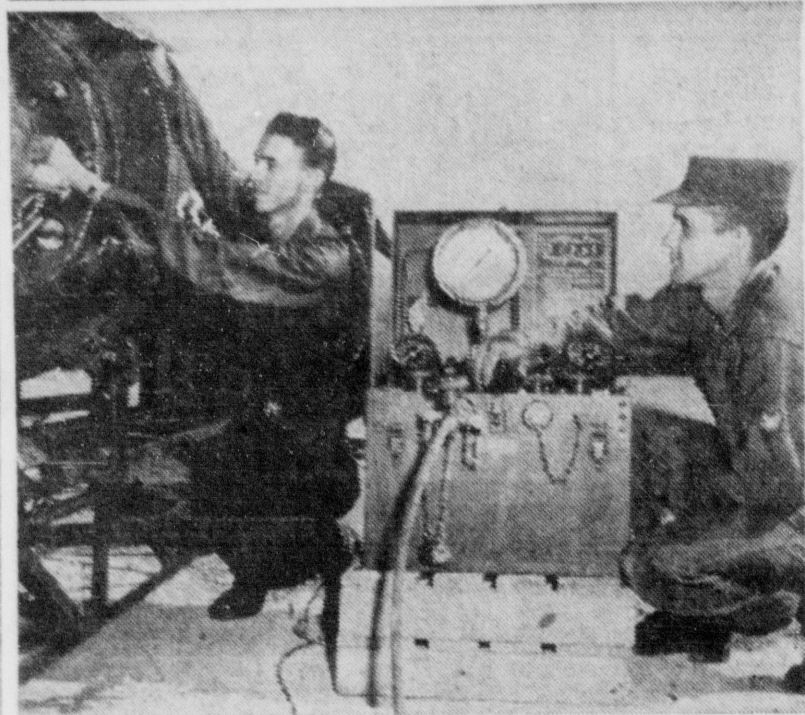

This is a policy deliberately followed by this country since the war in its system of grants and credits known as foreign aid, and in its drive for lower tariffs and other trade barriers.

The official view is endorsed—up at least until the present—by Dr. Marcus Nadler, consulting economist to the Hanover Bank, New York.

But he goes on to warn: "If U. S. gold reserves should continue to shrink and the gold and dollar reserves of foreign countries go on rising, a modification of our foreign aid program would become imperative."

And to this he adds: "Prices of certain types of U. S. manufactured goods—notably producers' goods and vehicles—have increased more rapidly than those of the principal competing countries. From 1953 to the third quarter of 1958, the wholesale price index of machinery and vehicles rose 7 per cent in Germany, 15 per cent in Great Britain, and 22 per cent in this country."

HAROLD GERHARDT, LEFT, IN ACTION

## Atlanta Missileman Helps Fire Corporal in Training

PFC Harold H. Gerhardt, of Atlanta, and Specialist Four Emmitt W. Foster, of Cross Plains, Tex., are members of Firing Battery, 2nd Missile Battalion, 80th Artillery.

This battalion successfully launched the Army's Corporal

missile during their annual service practice September 1-14 at the White Sands Missile Range in New Mexico.

The Corporal, a guided surface-to-surface missile with a range of about 75 miles, could not be fired at the unit's permanent location at Fort Sill, Okla., because of range limitations.

Foster (right) and Gerhardt perform a propulsion checkout of the missile during training at Fort Sill in preparation for the launching.

GERHARDT, 23, son of Mrs. Ethel M. Gerhardt, entered the Army in August 1958 and completed basic training at Fort Benning, Ga.

A 1955 graduate of Atlanta High School, he was employed by the National Cash Register Co., in Dayton, before entering the Army. His wife, Mary Lou, lives in Lawton, Okla.

### Business Briets

Ned Schreiner, co-owner of Beaver Studio, 110 S. Court St., was one of 12 winners in the City Loan and Savings Co. all-Ohio photograph contest which was recently concluded.

Schreiner's photograph was entitled "Winter Scene" and was taken among local scenery. The contest was open to the public, both amateur and professional photographers.

For his efforts, Schreiner received a cash award of \$100. His photo will appear in City Loan's four color twelve sheet 1960 calendar to be distributed throughout the state.

More than 250,000 of these Ohio calendars will be published and distributed throughout the state. Copies will be available here upon request. This is thought to be the first calendar ever published that is made up exclusively of Ohio scenes photographed and presented by individual Ohio people.

## Federal Court Case Backlog Said 16 Years

WASHINGTON (AP)—Federal courts are so far behind in their work it would take them 16 years, the way things are going now, just to clean up the backlog, Chief Justice Earl Warren said today.

Such delays, he told the Federal Bar Assn. in a prepared address, are bad for everybody concerned and besides bring to "the entire organization of members of the federal judiciary and of lawyers who are or have been employed by the federal government."

The association is a national legal profession a loss of public confidence, respect and pride. "It is certain now that the federal judiciary will simply be unable to keep pace with the great forward strides in the economic and social growth of our country—with the acceleration and complexity of scientific progress—as long as it lacks an adequate number of judges, and as long as it lacks simplified procedures and substantially improved administration," Warren said.

The cases pending number more than 71,000, the chief justice added.

Earl W. Kintner, president of the association, announced plans for a research project on delays. He did not go into details, but said an ambitious program had been worked out which would need cooperation, as well as "money in considerable amounts" from foundations and others, if the job is to be done thoroughly.

## City School Bond Indebtedness Dips

COLUMBUS, Ohio (AP)—Bond indebtedness in Ohio's city school districts dropped this year for the first time in five years.

A report issued by the Bureau of Educational Research and Services at Ohio State University showed the city districts averaged \$480 per pupil—\$13 less than in 1958.

Current indebtedness ranges from zero in the St. Bernard (Hamilton County) District to \$1,951 per resident pupil at Bedford (Cuyahoga County).

Tax rates averaged 19.81 mills in Ohio's 139 city districts. Bond indebtedness in Ohio's 77 exempted districts was up \$2 this year over 1958 at \$523.

Wadsworth (Medina County) reported the greatest enrollment increase in city districts, jumping 83 per cent in the past five years. The bureau's report did not cover local districts in county
